<b>DIMENSIONS</b>			

## Feature Glossary

### Call Block

Allows the user to block unwanted calls by entering Caller ID info into the phone's call block memory.

### DECT 6.0 Plus Technology

Enhanced version of DECT 6.0 in which transmission quality and range are improved by increasing the frequency of error correction up to 80x.

### Intelligent Eco Mode

Automatically lowers power consumption when handset is used close to the base unit.

### Phonebook Copy from Cellular Phone via Bluetooth

Transfer up to 600 names and numbers from your cell phone to the built-in handset directory via Bluetooth

### Power Backup Operation (Base Unit)

A powerful battery back-up system keeps you connected when the power goes out so you can still make and receive calls with the corded handset.

### Ringer ID

Choose from a downloaded or selectable ringer to link to your preprogrammed phone book data. The preprogrammed ringer will occur when the corresponding Caller ID information is received from an incoming call.

### Silent Mode

Allows the user to program individual handsets to ring or remain silent for specified time periods without affecting other handsets.

### Smart Wall-Mount

Combines a low-profile base unit with a reversible pedestal for counter/desktop use or easy wall mounting by simply rotating the pedestal.

### Talking Caller ID

When a call comes in, the phone doesn't just let you see who is calling, it actually tells you who is calling. Using text-to-speech technology the caller's name is announced in between rings if name-and-number Caller ID information is available.

### Tone Equalizer

Allows user to customize the tone of incoming calls, increasing or decreasing

\*1: Requires subscription to name-and-Number Caller ID, Call Waiting and/or Voice Mail service

\*2: Requires registration in Phonebook function

\*3: Name pronunciation may vary.

\*4: Depending on bundle selected, optional handset may be required.

\*5: Requires number registration in the call block list.

\*6: Requires registration in Phonebook function. "Name" is displayed only when calling from the Phone book or Caller List.

ICM = Incoming Message  
GM=Greeting Message
