

2600 Series Speaker System

Small Size, Big Sound

Part No.: **161435**

Compact design delivers big stereo sound for USB devices.

Maximize audio experiences with the Manhattan 2600 Series USB Mobile Speaker System. Its compact, USB design delivers rich, full-range sound from notebook computers, netbooks, portable CD/DVD players and other USB-equipped mobile media devices. Solid, well-built enclosures help re-create a balanced, full-spectrum frequency response. The built-in USB cable quickly connects without special drivers, batteries or an external power supply to easily share music, improve presentations or enjoy movies, games and other multimedia content. The Manhattan 2600 Series USB Mobile Speaker System makes an ideal audio replacement or upgrade for mobile computing and is an alternative to headphones for enjoying favorite stereo sounds.

Features:

- Stereo stereo sound and compact size
- Easily connects to notebook computers and other USB-equipped devices
- Dual external speakers improve stereo separation and sound field
- Ideal to enjoy and share music and other audio
- Lifetime Warranty
