

## 16 Channel DVR | 2CIF Resolution | HDMI Output

### QC3016

Q-See's QC3016 surveillance DVR is equipped with a wide array of state-of-the-art features that are perfect for managing your business. Whether you want to verify employee productivity, observe customer traffic, corroborate an incident, deter theft, or document a delivery, this system is built to protect your bottom line. This premium series DVR is packed with beneficial features:

- Footage is captured in 2CIF on each channel, which results in a wider 704x240 resolution video image for improved recognition.
- Q-See's start-up wizard advances through the setup process step-by-step making complete protection quicker than ever.
- Real-time recording accommodates up to 30 frames per second on each of the 16 channels in order to produce smooth, continuous and uninterrupted video that reveals details not visible to the naked eye.

This DVR's remote monitoring capabilities keep you connected, enabling you to better manage your business from anywhere at any time. Simply download the free Q-See Apps and access live or previously recorded video via iPhone, iPad, Android, or Windows Phone. Instantly receive email alerts with incident snapshots when motion is detected or in the event a camera becomes disabled. As the frontrunner in innovation, Q-See is the trusted leader in surveillance solutions for home and business, delivering peace of mind anywhere, anytime.
