

SVGA Y Cable

HD15 Male / 2 HD15 Female, 15 cm (6 in.), Black

Part No.: **304559**

Reliable connections for superior signal quality.

Manhattan SVGA Y Cables easily split a single signal to connect a desktop or notebook computer with two monitors. Ideal for use with any HD15-equipped display, computer or device, Manhattan SVGA Cables are engineered and constructed of quality materials to deliver dependable transmissions in video applications. Full foil and braided shielding, molded boots with strain relief and mini-coax (RGB) and paired video wire construction help provide maximum conductivity and clear, crisp images with reduced EMI interference and distortion over extended distances.

Features:

- HD15 male to dual HD15 female
- Splits an SVGA connection between two monitors
- Fully shielded to reduce EMI and other interference sources
- Molded PVC boot with strain relief
- Lifetime Warranty

Specifications:

Standards and Certifications

- UL 2919
