

50ft Blue Molded Cat5e Crossover UTP Patch Cable

StarTech ID: M45CROSS50BL

This 50 ft cable meets or exceeds all Category 5e specifications and features a durable blue jacket that simplifies departmental color coding, while providing rugged flexibility for network connections.

To ensure long-lasting performance, our high quality Cat5e UTP Crossover Patch Cables offer PVC molded strain relief that prevents the RJ45 connector termination point from bending at sharp angles - reducing the risk of cable damage, which could decrease network performance.

StarTech.com's 50 ft Blue Cat5e UTP Crossover Patch Cable is constructed of only top quality materials (100% copper conductors, 24 Gauge Wire, 50 micron Gold Connectors), to ensure optimum performance and durability. Backed by StarTech.com's Lifetime Warranty.
