

## 6 ft USB DVI External Multi Monitor Video Adapter Cable – M/M

Product ID: USB2DVIMM6

The USB2DVIMM6 External USB DVI Adapter Cable offers a hassle-free multi-monitor solution, turning a USB 2.0 port into a DVI video connection. This 6-foot USB Display Adapter is a complete solution, ready to go out of the box with all the cables you need built right onto the adapter. Simply install the drivers, connect to your computer and display. Built-on cables make the USB2DVIMM6 easier to install and does away with the need to worry about forgetting a cable.

Instead of having to open the computer case to install a specialized video card to accommodate a multi-display configuration, USB2DVIMM6 functions as an external USB video card saving both time and hassle.

Multiple (USB2DVIMM6) adapters (up to 5 total) can be used on a single system to provide several mirrored displays or extended desktops - a convenient and cost-effective multi-VGA option for virtually any laptop or desktop operating environment.

Backed by a StarTech.com 2-year warranty and free lifetime technical support.

### Certifications, Reports and Compatibility

### Applications

- Extend or mirror the image shown on an existing display
- Run multiple applications on different screens, check your email on one display and work on a document in the other.

### Features

- Optimal performance at 1680x1050 and ideal for use with 20" to 22" monitors or smaller
- Built-on USB and DVI cables
- Hassle-free installation
- No power adapter required
- Supports the use of DVI to VGA or DVI to HDMI adapters
