Surface	White Thermal Printable

For sharp, clear graphics using color thermal printers the preferred choice is Verbatim's DataLifePlus CD-R White Thermal Printable 50-pack. Certified for use with color thermal printers including Rimage Everest technology, these 52x speed certified CD-R discs have a white, thermal, scratch resistant surface. This surface optimizes thermal printing for superb high-resolution reproduction of graphics text and logos. Ideal for CD duplicating, Verbatim DataLifePlus CD-R color thermal printable discs are available in 50-disc spindles. Discs feature Verbatim's innovative "Super Azo" dye providing long-term data security and superior resistance to UV irradiation. As with all Verbatim optical products, these CD-R thermal printable discs are backed by a Limited Lifetime warranty.

- Full-color, high resolution, photo-quality printing
- Crisp & clear text reproduction
- Optimized color thermal printable layer
- Compatible with color thermal printers including Rimage Everest and Prism Thermal printer technology
- Super Azo™ recording dye optimizes read/write performance
