

BD-R LTH Type 25GB 6X with Branded Surface - 50pk Spindle (43773)

Reorder Number	43773
Pack Size	50 pk Spindle
Capacity/Speed	25GB/6X
Brand	Verbatim

Verbatim BD-R LTH media is manufactured with an organic dye that turns the disc's reflectivity during recording from "low to high". Other BD-R discs use the "high to low" recording method. Additionally, BD-R LTH is manufactured on converted CD-R/DVD-R production lines, which utilize a spin coating process and allow excess materials to be recycled. These two cost-cutting measures let us pass along the savings to you. Upon introduction of the BD-R LTH media, key hardware manufacturers like Sony, Pioneer, Panasonic and LG have worked to assure that their burners are fully compatible. If your BD burner is a 2009 model or later it will most likely support recording and playback of BD-R LTH media. If your Blu-ray hardware was manufactured before 2009, check with the manufacturer for firmware updates. For detailed compatibility information, see our [compatibility chart](#).

- **Low to High (LTH)** – BD-R LTH is the same as all other Blu-ray media, except it's manufactured using a more efficient production process.
- **High-Definition** – Blu-ray discs are designed especially to store large HD video and audio files. So, you'll use fewer discs when you're backing-up, recording or duplicating high definition digital recordings - including your music library.
- **Hard Coat** - All Verbatim Blu-ray discs are treated with a super hard coat to prevent scratches, resist fingerprints and reduce dust build-up.
- **Laser Technology** – Verbatim Blu-ray discs use blue-violet laser technology to read and write data. That means, superb resolution, excellent contrast, vivid colors and amazing sound.
- **Capacity** - The Verbatim single-layer Blu-ray disc offers up to 25GB of storage space to back-up your video, music, photos and more.
- **Recordable** – This single-layer Blu-ray disc is designed for one-time recording and should be used with BD-R hardware.
- **Compatibility** – Verbatim Blu-ray discs are compatible with the latest Blu-ray hardware from leaders in the market like Sony, Pioneer, Panasonic and LG. For more specific compatibility information, see the [compatibility chart](#).
- **Warranty** – All Verbatim Blu-ray discs are backed with a Limited Lifetime Warranty and a 40-year history of quality and reliability.

Packaging Information			
L x H x W (In)	5.44 x 3.63 x 5.44 (13.82 x 9.22 x 13.82 in cm)	Weight (lbs)	1.89 lbs (0.86 kg)
UPC#	023942437734	Unit Quantity	50 pk Spindle
Pallet Quantity	384 (50 pk Spindle)	Cartons Per Layer	12
Layers Per Pallet	8		
Master Case Information			
L x H x W (In)	5.91 x 4.72 x 23.23 (15.01 x 11.99 x 59 in cm)	Weight (lbs)	8.96 lbs (4.07 kg)
UPC#	50023942437739	Quantity	4 (50 pk Spindle)
