

Drive Enclosure

SuperSpeed USB, SATA, 2.5"

Part No.: [130349](#)

Create new storage solutions to transfer, share and archive important data. Install an idle or new hard disk drive into a Manhattan Drive Enclosure to expand storage capacities for desktop and notebook computers. With support for large-capacity 2.5-inch SATA drives and SuperSpeed USB (USB 3.0) data transfer rates of up to 5 Gbps, the Manhattan Drive Enclosure helps optimize high-performance personal computer storage applications. A convenient built-in, one-touch copy feature helps to quickly transfer, share and archive important data. Its durable, two-piece construction provides quick installation and access while protecting sensitive drives from exposure and daily hazards. Windows and Mac compatibility plus plug-and-play and hot-swappable capabilities offer a versatile and portable data solution without bulky external power supplies or annoying cables and adapters.

Features:

- Supports USB 3.0 data transfer rates for up to 5 Gbps and large-capacity drives up to 1 TB
- Sturdy case protects drive and facilitates cooling
- Fits standard 2.5" SATA drives with easy, quick installation and LED indicator
- Windows and Macintosh compatible, plug and play and hot swappable
- Three-Year Warranty

Specifications:
