

QuickDock™ Duo

QuickDock™ Duo SuperSpeed USB 3.0 to Dual SATA, 3.5"/2.5" HDD

Part No.: 130363

Easily clone SATA hard drives without a PC.

The Manhattan QuickDock Duo easily replicates a SATA hard-disk drive while attached (software required) or unattached to a host PC. The easy-to-use clone feature helps make upgrading to larger-capacity hard drives quick and simple. Dual insertion slots accept 3.5" and 2.5" SATA hard-disk drives up to 3 TB simultaneously, allowing data to be copied between multiple drives of different sizes for easier data recovery and backup tasks. Ideal for system builders, integrators and computer technicians, it's Windows XP/Vista/7/8 compatible and supports Mac and Linux systems (excluding PC-based cloning software) with SuperSpeed USB and SATA data transfer speeds up to 5 Gbps and 3 Gbps. Its hot-swap capability allows rapid, multi-HDD exchanges and quick data access without computer restarts, special drivers or complicated configuration.

Features:

- Provides fast data access, creates portable storage and simplifies hard-disk drive backup and exchanges
- One-button cloning replicates HDD while unattached to PC; one-touch backup function while attached to PC
- Dual insertion slots accept 3.5" and 2.5" SATA hard-disk drives up to 6 TB
- Clone speed 55 MB/s offline, 15 MB/s online
- Quick and easy USB installation
- Lifetime Warranty

Specifications:

Standards and Certifications

- Compliant with USB 3.0 and SATA Revision 2.6
- CE
- RoHS

manhattan-products.com

• WEEE

General

- Connections: external, DC power input, USB 3.0 type-B; internal, (2) SATA data and power
- Dual insertion slots fit 2.5" and 3.5" SATA HDD
- Power and activity LED indicators with power button

Transfer Rate

SuperSpeed USB up to 5 Gbps and SATA up to 3 Gbps

Physical

• Power adapter: 1.5 m (58 in.)

• USB cable: 0.8m (31.5-in.) USB 3.0 type-A male to type-B male cable

• Dimensions: 12.9 x 9.5 x 9.2 cm (5.1 x 3.7 x 3.6 in.)

• Weight: 215 g (7.58 oz.)

Electrical

• Input: 100 – 240 V; 50 – 60 Hz; 1.2 A max.

• Output: +12 V / 3A center post

System Requirements

- Available USB 3.0 Standard-A port
- Windows XP/Vista/7/8 compatible
- Mac 9.x/10.x and Linux supported (excluding PC-based cloning software)

Package Contents

- QuickDock Duo
- Power adapter and USB cable
- Software CD
- Quick install guide
- * Take extra precautions against electrical discharges when swapping hard-disk drives. Use the eject button to properly disconnect and remove a drive. Do not handle the drive by its sensitive components or place near speakers, televisions or other magnetic devices. Manhattan accepts no responsibility for lost data.
