

# USB Flash Drive JetFlash 360

It's all in your hand

- One-handed operation
- Comfortable ergonomic design
- Ultra-compact and lightweight

## Extremely lightweight. Extremely compact

45mm x 18.3mm x 7.5mm  
= ultra-compact  
= 4.3g

Capless Design

JetFlash 360 features a capless design, protecting your USB from losing the USB end cap. Now, there is no need to take on and off the cap whenever you use the drive.

## A truly comfortable experience

Fitting comfortably between your thumb and forefinger, the easy-to-grip contoured design requires minimal effort when unplugging from a USB port.

## Compatible with multiple devices

It is compatible with multiple devices such as PCs, notebooks, tablets and stereos.

## Convenient keychain loop

A handy keychain attachment loop provides you extra convenience to attach the JetFlash 360 to your keys, wallet or purse. Anytime you need you can find it.

## Exclusive data management software

### Transcend Elite™ Data Management

	<b>Backup and Restore</b> Provides instant backups, scheduled backups and restore function.
	<b>Data Encryption</b> Protects files with powerful 256-bit AES encryption.
	<b>Sync Files</b> Keeps the contents of one or two locations in sync.

## About Transcend

### TRANSCEND GLOBAL BRAND

Transcend is a global company with offices around the world, thus we are able to serve all the major markets and provide superior quality of service to our customers. Transcend is a strategically integrated Hi-Tech company, not only do we design, develop, and manufacture our branded products, but we also market and sell our own devices. Transcend has a very successful retail store chain in Taiwan and after we launched our initial foray into e-commerce in May 2000 our on-line sales have grown exponentially.
