

Multi-Card Reader & Writer

Super-Speed USB 3.0, External Card Reader & Writer, 62-in-1, Black

Part No.: **101653**

Easy and convenient digital media access and management.

Compatible with most card formats. Easily download and transfer digital images across many of today's popular flash memory card formats. Compatible with CompactFlash, Memory Stick, MagicGate, SecureDigital, Multimedia, XD and TransFlash formats.

Access picture files without directly connecting the camera or other media device to the computer. USB mass-storage functionality easily archives picture, music, video and personal data files without directly connecting the media device to the computer.

Features:

- Easily access media and manage content — including read, write, copy and card-to-card copying
- Compatible with CompactFlash (CF), Memory Stick (M2), MagicGate (MG), Secure Digital (SD and micro SD), Multimedia (MMC) and more
- USB 3.0 data transfer speeds up to 5 Gbs; backward compatible with previous versions
- Supports automatic card detection
- Plug and play; hot-swappable — Windows and Mac compatible
- Bus-powered; requires no external power supply
- LED lights for memory card status; blue indicates 3.0 connection and red indicates 2.0 connection
- Compact and lightweight design — convenient for storage or travel
- Three-Year Warranty
