- **DFC (Digital Fine Contrast Ratio) 30,000:1**
Using DFC, the display is able to reproduce even the fine details of various complex images of films and games to support excellent depth perception and vividness.
- **FLATRON f Engine - World's First Picture Enhancing Chip for LCD Monitors**
It uses DAFITM technology which includes a RCM (Real Colour Management) function which allows monitor to display the most vivid and natural colours available on an LCD. Also it comes complete with an ACE (Adaptive Colour and Contrast Enhancement) function that enhances brightness and contrast. The technology is ideal for watching videos or displaying high quality photos.
- **Exceptionally Quick Response Time - 5 ms**
W43 Series' extremely fast response time allows you to enjoy clean and undistorted images of even the most elaborate digital contents.
- **16:9 Aspect Ratio Full HD 1080p**
Enjoy High Definition images in 16:9 aspect ratio and true 1080p resolution for the ultimate viewing experience, and watch Blu-Ray movies with crystal clear detail.
- **Photo Effect**
No need to use image editing programs - simply use the colour correction function of the monitor and check photo enhancement results on screen.

SIZE 21.5" Wide	RESPONSE TIME 5ms
