

PowerLite® 93 MULTIMEDIA PROJECTOR

Amazing image quality and network control.

The network-controllable PowerLite 93 upgrades the classroom experience with HDMI digital connectivity and powerful performance. Monitor and control the projector over your network using the RJ-45 connector, saving you time and money. XGA resolution and 2400 lumens of color and white light output¹ ensure bright, clear images, while the premium 16 W speaker delivers powerful audio, without added cost. A built-in closed captioning decoder accommodates students with hearing impairments. And, the E-TORL® lamp stretches your equipment dollar with an impressive lamp life up to 6000 hours². Easy to manage and control over the network, the PowerLite 93 brings brighter, more engaging presentations to more classrooms.

Bright, brilliant presentations — 2400 lumens color light output¹, 2400 lumens white light output¹ and XGA (1024 x 768) resolution

Powerful, 16 W speaker — no external speakers required; saves on equipment costs

Future-ready connectivity — HDMI input for digital connectivity with the latest laptops and media players; delivers high-quality audio and video with just one cable

Advanced network control — RJ-45 connectivity for remote projector management

PowerLite® 93 multimedia projector

The best-selling projectors in the world.

Epson understands education and has a solution no matter what your teaching scenario. Built with image quality and reliability in mind, Epson projectors enhance communication and inspire collaboration, while offering a low total cost of ownership. From long-throw projectors designed for traditional educational settings to ultra-short-throw and all-in-one solutions built for progressive classrooms. Epson has the model made for you.

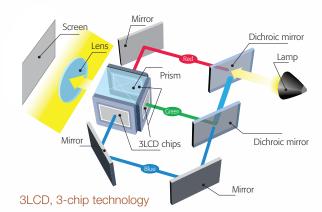

3LCD technology — for quality and color that's beyond amazing

Innovative technology with proven reliability

- 3 chips for full-time, vibrant color
- 25% less electricity required per lumen of brightness when compared to 1-chip DLP projectors³
- Over 20 years of road-tested reliability built into every projector

Energy-efficient E-TORL lamp, exclusively from Epson

- Long lamp life lasts up to 6000 hours²
- Minimizes both light diffraction and light leakage
- E-TORL lamps maximize your presentation time, while minimizing your costs

Amazing light output

- 2400 lumens color light output and 2400 lumens white light output¹
- High color light output for bright, balanced, colorful images
- White light output that's measured using ISO 21118 (a more rigid standard than the outdated ANSI lumens rating used by some competitive products)

High color light output

Low color light output

Actual photographs of images taken from two competing projectors run in default mode. Price, resolution and brightness (white light output) are the same for both projectors.

High-quality images with HDMI digital connectivity

- Delivers both audio and brilliant video content with just one cable
- Compatible with the latest laptops, Blu-ray[®] and media players

Built-in closed captioning

- Essential for education helps meet ADA508 requirements for students with hearing impairments
- Helps save money no need to pay for an additional decoder and its installation

 Effective and easy to use — easily enabled through the projector remote or menu

Better Products for a Better Future™

For more information on Epson's environmental programs, go to eco.epson.com

Eco Features

- Energy-efficient 3LCD light engine
- Low power consumption of 0.3 W in Standby Mode (communication off)
- Energy-efficient E-TORL lamp
- Designed to be recycled⁴
- Epson America, Inc. is a SmartWay[™] Transport Partner⁵

- Easily monitor/control networked Epson projectors remotely, using the RJ-45 connector and EasyMP® Monitor software
 - Save time and maintenance costs power classroom projectors on and off without having to go to each individual classroom; set schedules for automatic events
 - Receive e-mail alerts when attention is required
 - Crestron RoomView[™] enabled monitor/control your projector with RoomView software, without the need for an AV control box

Advanced 3-in-1 USB Plug 'n Play instant setup — for PC and Mac®

 Three features, all with one standard USB connection — display your presentation, transmit audio and control your presentation

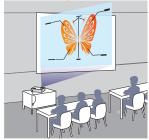

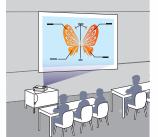

Fast, easy setup and control

- 1.2x optical zoom gives you the flexibility to adjust your presentation to suit your space and audience, without sacrificing image quality
- Direct Power On/Off power the projector on and off with the flip of a light switch
- Instant Off® no cool-down time required, so it's ready to shut down when you are
- A/V Mute control your presentation using the remote or by closing the slide; it's right at your fingertips
- Sleep Mode set from 1 to 30 minutes to save energy and lamp life when the A/V Mute Slide is closed or no signal is detected

Horizontal keystone correction

- +/-30 degrees provides the ultimate projector placement flexibility
- Allows for off-center positioning of the projector, and still have a correctly proportioned image

Without horizontal keystone

With horizontal keystone

Quick Corner®

 This innovative feature allows you to move any of the four corners of an image independently, to adjust each corner for a perfectly rectangular picture

Additional Features

- Versatile connectivity for the classroom HDMI, USB, audio out, monitor out, computer/VGA inputs, LAN and RS-232c
- Easy maintenance easy lamp and air filter access for quick, convenient replacements
- Added security in any environment convenient metal anchor bar and Kensington^o lock support
- New high-density filter twice the surface area of our previous generation adds a higher level of protection

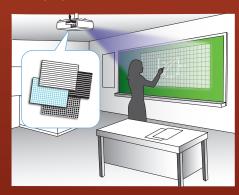

Expanded USB functionality

- Partner your projector directly with the Epson DC-06 document camera
- Deliver PC-free slideshows using a USB flashdrive (supports multiple file formats — JPEG, PNG, GIF and BMP)

Built-in teaching aids save time

- Choose from four pre-set templates or create a custom template to project lines or grids onto whiteboards or chalkboards
- Simply display the pattern by using the customizable User button on the projector remote control

Easily project lines or grids with built-in templates

Filters to protect your investment

Because we know how important it is to protect your valuable investment, Epson has designed this 3LCD projector with a higher density filter to give you added peace of mind. A filter helps limit the amount of dust that can settle on the internal components and reduce the lamp life or dull the image. When the time comes to clean or change the filter, just open the filter door, vacuum the dust off or replace the filter, close the door, and you're done!
