

HP Compaq L2311c 23-inch Notebook Docking Monitor

A monitor for the way we really work.

Pairs with your notebook to create a convenient, expanded workspace—wherever you need it. One cord, plug-n-play installation makes for instant access.

Notebook computing upgraded to full potential

The HP Compaq L2311 c 23-inch Notebook Docking Monitor is a LED backlit LCD display with port replication, including SuperSpeed USB 3.0, that provides an exceptionally universal and affordable desktop experience for notebook users on-thego. Ideal for those that need to be mobile, in shared or permanent work spaces – notebook users now have a place to settle in and get down to business without extra power cords, docking station compatibility issues or IT hassles. The HP Compaq L2311 c Notebook Docking Monitor provides a built-in HD¹ webcam², video and audio inputs, Ethernet and integrated USB connectivity, and HP Smart AC Adapter cable for power pass-through³ charging in one innovative and stylish monitor.

Simple connectivity

Expanding desktop real-estate is simple with one easy connection from a single, SuperSpeed USB cable. The universal connector allows connectivity to any notebook PC with an available USB 2.0 or USB 3.0 port. The HP Compaq L2311 c Notebook Docking Monitor also features HP Smart AC Technology³ to power and charge HP notebooks – detecting and regulating the capacity of electrical current needed for optimal computing.

Come together on the go

The HP Compaq L2311c Notebook Docking Monitor features a built-in 720p HD¹ webcam², and comes with HP MyRoom business edition software and Cyberlink YouCam, a productive webcam tool. Users can communicate quickly and effectively on a personal level with co-workers and clients in any location

around the globe. Sharing desktop spaces, conducting virtual meetings and sealing the deal face-to-face has never been easier or more cost-effective.

Brilliant, quality display features

Expand the computing experience with this 23" diagonal 16:9 LED backlit panel with antiglare treatment for clear, bright picture quality.

- Full HD 1920x1080 resolution
- 5ms on/off response time⁴
- Tilt, swivel, height and pivot flexibility
