Dual Monitors Wide View

A Clear View to Productivity

The DoubleSight DS-1900WA 19" Dual Monitor Flex Solution is a uniquely designed multiple LCD display solution which can increase user productivity as much as 50% by allowing the user to view and manage several sources of information or programs simultaneously without switching between windows. The DS-1900WA features DoubleSight's new Flex Stand which is adjustable for Height, Tilt, Swivel and Pivot. Each Monitor adjusts independently of the other Monitor for a truly custom view. The unique 180° Arm Rotation Feature allows users to share their screen with someone sitting to their right or across the desk making this perfect for selling and training environments. The DS-1900WA Dual Monitor is an All-in-One complete turnkey solution providing 2 High Resolution Monitors, 1 Adjustable Desktop Stand and all of the cabling needed. All required components are preassembled and ship in one box which saves time and money.
