

V7 – LCD MONITORS

V7 D22W12

22" Widescreen LCD Monitor

V7 LCD Monitors are designed for business, education, and home computing. The V7 line of LCD Monitors range from 15" to 22" screens in both traditional 4x3, and the new 16x10 aspect ratio, wide display formats. Either way, the user can be sure to enjoy bright, vivid images with fast screen response, high contrast ratio, and wide viewing angles with long-life panels. Whether it's for desktop publishing, web browsing, playing games, watching movies, or standard office usage, V7 LCD monitors are the ideal choice.

V7 is a proven technology brand that blends quality and value, as well as mandatory safety and environmental certifications, all in one package.
