

# V7 LED215W2

## 21.5" Widescreen LED Monitor - Full HD 1080p

Lean back and enjoy a sharp, dazzling Full HD 1080p view while surfing the Web, working on a project, editing video or streaming shows online with the V7 LED215W2 21.5-inch widescreen LED monitor. Utilizing the latest technology for reduced energy consumption the monitor incorporates light-emitting diodes (LEDs) for backlighting that help create deeper blacks for high 1000:1 dynamic contrast, brilliant color and sharp clarity. It combines all the high screen performance and environmental features to help you "go green".
