

Technical Specifications

**Model: CL-UWC-D USB 2.0 Motion Tracking
P/T/Z Deluxe 1.3MP Webcam**

Standards

- Snapshot/still image
- Supports multiple motion detection windows
- Video recording with single/multiple schedules based
- Video recording based on motion detection
- Web server for intranet/internet image viewing
- Email alert with single/multiple snapshots attached
- Various sound alerts with motion detection based
- Friendly motion tracking control tool interface
- Motion tracking with 2 tracking motors for precise motion tracking
- O.S Supports: Windows 2000, XP and Vista 32/64bit
- Supported chat programs: Skype 9.0, MSN Windows Live 9.0, Yahoo Messenger 9.0
- Included software: Webcam driver, Smart Cam Plus, Crazy Talk Cam Suite, and Crazy Talk Avatar Creator

Interface

- USB Type: USB 2.0 A type Male, USB cable (59 inches) included

Specifications

- Sensor: 1/4" CMOS 1.3 Mega Pixels
- Max Resolution: 1280 x 1024; Max Snapshot Resolution: 1280 x 1024
- Max Static Photo Resolution Interpolated to 2560 x 2048
- Color Depth: 24-bit (16.7 million color)
- Max Frame Rate: 30fps (CIF); 30fps (VGA); 8fps (1280 x 1024)
- Focus: 30cm to infinity
- White Balance: Auto; Auto Exposure (AE): Auto; Gain Compensation: Auto
- F/NO: 2.6
- Viewing Angle degree: 54°
- Surrounding illumination: 200lux or more
- Audio: Built-in microphone sensitivity -40 dB
- Tracking Angle: Up/Down 104°, Left/Right 205°

Power

- USB Bus Powered Voltage: 5V; Power consumption 1.9W; Input current: 382mA

Environment Conditions

- Working Temperature: 41°F ~ 104°F; Relative humidity: 10% RH to 80% RH

Weight and Dimension

- Weight: 5.20 Ounce
- Dimensions (L) x (W) x (H) (Inch): 34.43 x 19.69 x 21.26 (USB cable excluded)

Certifications: FCC, CE, RoHS

Packet Contents

- USB 2.0 1.3M Webcam, QIG, CD (User Manual, Driver, and other software AP)

Warranty: 1 Year
