

Contour

Wireless 2.4GHz RF, Six-Button, Ergonomic Mouse with USB Receiver Dongle, Adjustable Three-Level Resolution, Scroll Wheel and Intelligent Power Management for Mac and PC

Part No.: 178198

Adjustable three-level resolution with wireless performance.

The Manhattan Contour wireless mouse combines modern design with advanced precision and high-stabilization performance. Its top-mount push-button instantly shifts resolution from 1000 to 2000 dpi to suit a wide range of applications, including routine computing tasks or computer games and editing requiring a fine touch. Its full-sized shape and six-button configuration provide direct access to essential commands with minimal wrist movement. A non-slip texture applied to critical surfaces helps provide a secure, comfortable grip. The remarkably small yet powerful USB micro receiver with 2.4GHz technology provides an effective range of up to 10 m (33 ft.) and stores in a special onboard compartment or remains installed for true wireless convenience. An auto power management helps maintain proper battery levels for reliable operation. Plug-and-play capability and Windows XP/Vista and Mac OS 10.0 and higher compatibility offer quick and easy installation. The Contour wireless mouse requires little maintenance for long, dependable service.

Features:

- Precision optical performance in an agile, modern design with USB micro receiver
- RightTrack™ Technology provides precise, accurate control on polished stone, dark glass, ceramics and more
- 2.4GHz RF technology offers wireless freedom with effective range up to 10 m (33 ft.)
- Auto power management helps maintain proper battery levels
- Low power indication
- Top-mount push-button control instantly shifts resolution from 1000, 1500 and 2000 dpi
- Ergonomic shape and no-slip texture provide secure grip
- Low-friction base smoothly glides over work surfaces
- Plug-and-play installation; Windows and Mac compatible
- Three-Year Warranty
