Webcam 500

5 Megapixel (2560 x 1920)CMOS USB Webcam with Adjustable Clip Base and Integrated AMCap Image Enhancement Software
Part No.: 460729

Simple to operate with quality results.
The Manhattan Webcam 500 helps improve online communications and experiences with high-quality photos and video. With simple, one-button operation and easy-to-use software, its 5.0-megapixel (software-enhanced) CMOS lens captures crisp and clear images and smooth, steady video to share with family and friends. The compact size, attractive finish and plug-and-play installation make it a good accessory for desktop and notebook computers. The included AMCap software easily captures and shares videos and still frames in common AVI video and BMP formats. Its lightweight and compact size provides easy storage and transport for use almost anywhere with a hinged clip that positions and adjusts the camera on a desk, monitor or notebook computer.

Features:

- Capture and share photos and video
- Compact size for easy storage and transport
- Adjustable clip base for easy attachment to desktop or notebook computers
- Included software simplifies settings and operation
- Plug-and-play for easy installation
- Three-Year Warranty
