

**WORLD'S FASTEST  
ALL-IN-ONE<sup>1</sup>**

## WorkForce<sup>®</sup> WF-3540

Print | Copy | Scan | Fax | Ethernet | Wi-Fi<sup>®</sup>

### ENGINEERED FOR BUSINESS

- **World's Fastest 2-sided print speeds<sup>1</sup>** — 1-sided 15 ISO ppm (black) and 9.3 ISO ppm (color)<sup>†</sup>; 2-sided 7.4 ISO ppm (black) and 5.4 ISO ppm (color)<sup>†</sup>
- **500-sheet paper capacity** — reload less often with two 250-sheet paper trays
- **Affordable business printing** — up to 40% less printing costs vs. color lasers<sup>2</sup>
- **Easy menu navigation** — intuitive 3.5" touchscreen with gesture navigation
- **Do more** — automatic 2-sided printing saves paper plus a 30-page, duplex Auto Document Feeder to quickly copy, scan or fax stacks of 1- or 2-sided originals
- **EPSON Connect<sup>™</sup>** — easily print from iPad<sup>®</sup>, iPhone<sup>®</sup>, tablets and smartphones<sup>3</sup>
- **Versatile paper handling** — 2 front trays plus rear feed for envelopes, labels, card stock and specialty media
- **Professional, laser sharp text** — print proposals, reports and brochures with high-quality color and crisp, sharp text
- **2x the durability<sup>4</sup>** — robust product design
- **Built-in wireless and Ethernet networking** — easily connect to the network and share your all-in-one with others<sup>5</sup>; includes Wi-Fi Direct<sup>™</sup>

† ISO ppm is based on ISO/IEC 24734. Black and color print speeds are determined in default, letter-size, single-side mode, in accordance with ISO/IEC 24734. Black and color 2-sided print speeds are determined in letter-size, 2-sided mode, in accordance with ISO/IEC 24734. Actual print times will vary based on system configuration, software, and page complexity. See [www.epson.com/printspeed](http://www.epson.com/printspeed) for details, including complete ISO reports.

†† Black and color copy speeds (cpm) are determined in default, single-side mode, in accordance with ISO/IEC 29183. Actual copy times will vary based on system configuration and page complexity. See [www.epson.com/copyspeed](http://www.epson.com/copyspeed) for details.

1 Fastest in its class; printing black text in default, 2-sided mode, in accordance with ISO/IEC 24734. Compared to inkjet all-in-ones priced at \$199 or less, as of December 2011, based on manufacturers' published rated ISO speeds.

2 Compared with best-selling color laser all-in-ones priced at \$450 or less, as of February 2012. Calculation based on continuous printing and prices of multi-pack ink cartridges. Actual savings will vary based on print task and use conditions.

3 Most features require an Internet connection to the printer as well as an Internet- and/or email-enabled device. See [www.epson.com/connect](http://www.epson.com/connect) for a list of EPSON Connect enabled printers and compatible devices and apps.

4 Improved durability over the previous model. For more information, go to [www.epson.com](http://www.epson.com)

5 Wi-Fi CERTIFIED™: level of performance subject to the range of the router being used. Visit [www.wi-fi.org/files/11basics\\_glossary.pdf](http://www.wi-fi.org/files/11basics_glossary.pdf) for more information.

6 Monthly duty cycle is the highest duty a user could expect in a month, based on near-constant operation of a device of this kind. It is not recommended that the device be run at this duty. For best device performance, run the device at the recommended duty.

7 Some applications and/or functions may not be supported under Mac OS X.

8 Replacement cartridge yields are based on ISO/IEC 24711 tests in default mode printing continuously. Cartridge yields vary considerably for reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink color. All ink colors are used for printing and all-in-one maintenance, and all colors have to be installed for printing. For print quality, part of the ink from the included cartridges is used for printer startup and a variable amount of ink remains in the cartridges after the "replace cartridge" signal. For details, see [www.epson.com/cartridgeinfo](http://www.epson.com/cartridgeinfo)

9 Display permanence based on accelerated testing of prints displayed under glass in indoor display conditions; album permanence based on accelerated testing of prints in dark storage conditions. Actual print stability will vary according to media, printed image, display conditions, light intensity, temperature, humidity and atmospheric conditions. Epson does not guarantee the longevity of prints. For maximum print life, display all prints under glass or UV filter or properly store them.

10 Compared to best-selling, color multifunction laser printers priced at \$399 or less as of April 2012. Actual power savings will vary by product model and usage.
