MC860

A4 price. A3 output.
More print, scan, copy and fax for your money

The MC860 is the perfect multifunctional device for A4 and A3 output, tailored to the needs, floor space and budgets of workgroups and small businesses.

Easily integrated in any network, it provides easy, fast solutions for all mono and colour print or copy needs. It can receive and send faxes with a few keystrokes and scans documents to network, computer, email and even direct to USB.

Available as a desktop or floor standing version, the ultra compact MC860 increases efficiency for workgroups and small businesses by providing easy access to fast, efficient colour and mono multifunctionality.

The MC860 delivers full A4 and A3 capability, increased productivity, ongoing savings and award-winning print quality – at the price and in the size of conventional A4 MFPs.

Dedicated function keys and easy to use touch-screen display

Designed for workgroup efficiency

The MC860 sits comfortably on or next to any desk and is so affordable that users can print, scan, copy and fax without breaking their budget:

- The users can choose the output best suited for their needs: A4 or A3, mono or colour - at improved quality.
- Being closer to the users, the device improves productivity, as waiting for a machine to become available will be a thing of the past.
- The MC860 can be upgraded easily and cost-effectively to fit in with growing business needs, by adding extra trays or options for increased paper capacity.
- The clear intuitive touch-screen reduces the number of user interactions to control advanced functions, making even complex tasks fast and easy.

Meeting every business need

The MC860 takes care of the day-to-day requirements in a high-performance multifunctional device:

- The flexibility of formats allows the users to print posters, charts or booklets in-house, while the software included in the machine enables them to create everything from business cards and CD labels to banners at a click of a mouse, resulting in cost savings to the business.
- Double-sided printing is included in all models, reducing paper use and saving costs.
- To protect sensitive documents, the Encrypted Print functionality can be set to ask for a password before documents are printed.
- The MC860 supports busy workloads by enabling the users to scan or copy while printing. And the Job Interrupt option temporally halts the print queue, so that the users can copy urgently required documents without stopping the daily workflow.

Professional document quality

With the MC860, prints, scans, copies and faxes look sharper, more colourful and professional, creating a quality impression with every document you create:

- Single-pass digital LED printing and microfine High Definition Toner mean improved colour, depth and finish.
- The straight paper path offers best in class print speed and reliability without compromising quality.
- Using ProQ2400 Multi-level print technology, the MC860 brings out sharper detail and contrast, for livelier images and clearer text.
- Photo Enhance ensures stunning pictures and impressive diagrams, even on normal office paper and Auto Color Balance means consistent results for life.

Faxing last minute changes to a purchase order, scanning the latest correspondence or printing a set of impressive sales reports - the MC860 is the ultra compact A4 and A3 MFP, designed to make your daily business life easy.
