

## EXILIM EX-Z2000

EXILIM  
ZOOM

## HIGHLIGHTS

**580 pictures on one battery charge**

Have you ever set up the perfect photo only to find that your battery is empty? Moments such as these are so irritating — but they can be avoided. The combination of an energy-saving processor and the high-performance lithium-ion battery ensures that the EXILIM EX-Z2000 won't run out of power even on long, eventful days — one battery charge allows you to take up to 580 CIPA standard photos.

**26 mm wide-angle lens with 5x optical zoom**

The combination of the 26 mm wide-angle\* design and 5x optical zoom makes the EX-Z2000 the perfect companion for every occasion — you have plenty of scope to take photos, be it of your loved ones, beautiful sights or romantic sunsets.

**EXILIM Engine 5.0**

The digital brain of the EXILIM camera is the EXILIM Engine 5.0. This innovative image processor functions according to a completely new concept to achieve particularly bright colour reproduction, high image quality and quick response times.

**Premium Auto mode**

Portrait, landscape, night or backlight photography: you will be able to take the most amazing photos with the EXILIM Zoom EX-Z2000 even in poor lighting conditions.

**HD video recording**

You can now film your videos in high-definition quality\*! Using the HD Movie Function in the EXILIM EX-Z2000, you can make colourful and high-detail videos with a resolution of 1280 x 720 pixels.

**7.6 cm (3.0 inch) TFT colour display (Super Clear LCD)**

The EX-Z2000 is equipped with a large, bright 7.6 cm (3.0 inch) TFT colour display (Super Clear LCD) with an exceptionally high resolution of 460,800 pixels, which ensures especially brilliant photos.

The EXILIM Zoom EX-Z2000 is available to buy from specialist dealers, shopping centres, electrical goods stores and all good shops.
