

CyberLink PowerDVD v13 ULTRA

World No. 1 Movie and Media Player
The Ultimate in Playback, for all your devices

Sales Sheet

If you love movies, **PowerDVD 13 Ultra** is the Blu-ray, 3D & HD media player for you. Enjoy movies and all your media on your PC, notebook, smartphone, tablet and TV. Unique CyberLink TrueTheater® enhancements mean a sharper picture, enhanced lighting and smoother motion - even on HD content! A true universal player, PowerDVD makes it simple to play all your movies, videos, photos & music at their best.

No. 1 Blu-ray, 3D & HD Media Player

Better-than-original Quality

- Watch Blu-ray discs & movie files at quality beyond HD
- Apply breakthrough TrueTheater enhancements to DVDs, video files, photos & music
- Experience on-the-fly 2D-to-3D of movies, photos, videos, YouTube and Facebook content

Across PC, Tablet, Smartphone & TV

- Stream between devices in your home network
- Link all your devices with PowerDVD mobile apps
- Access all your content, no matter on which device it is stored or on which device you play it

UltraViolet features will be provided as a free update to PowerDVD 13 Ultra users based on the availability of announced DECE online services. See CyberLink.com for details.

Instant Enjoyment

- A true universal player for all your media
- Take advantage of Instant Play – fastest-ever start-up for Blu-ray discs, DVDs, photos, audio & video
- Enjoy MKV and other movie file playback as seamless as playback from disc
- Find all your movies, videos, photos & music in one place
- Customize the interface to hide features you don't use

The Must-have Player for your Windows® 8 PC

- The No.1 Blu-ray player with over 100 million copies shipped each year
- Play the latest DVD, Blu-ray, Blu-ray 3D, AVCHD 2.0 and HD file formats with confidence on your new PC
