

ViewPad® 10pi – 10.1" Windows® Tablet

V10pi

The tablet that works the way you do.

Integrated with the latest Intel® Oak Trail Z670 processor engineered specifically for tablets, the ViewPad® 10pi 10.1" Windows® 7 Professional based tablet delivers the ultimate in mobility and productivity. Weighing in at only 1.77 lbs, ViewPad 10pi gives you a complete business productivity solution. Enjoy the full Windows® experience with all your familiar applications, documents, networking and security features. Watch your work come to life like never before with a brilliant, super-high resolution IPS display for crystal clear images on the capacitive multi-touch 1280x800 screen. Packed with premium features including 64GB storage, dual cameras, pre-installed apps and custom software, ViewPad 10pi is the ideal choice for today's mobile professionals.

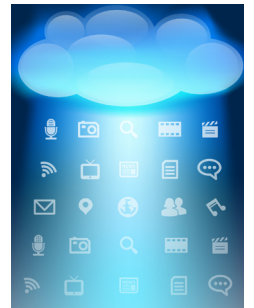

1 Take your Windows to go

Experience all the power of a desktop PC and full productivity of Windows in one lightweight, handheld device. Intel® Oak Trail processor provides enhanced performance for tablets. Integrated 2GB system memory ensures optimum computing power, with 64GB internal storage and SD card support up to 32GB memory expansion.

2 The power of the Cloud

ViewPad 10pi with Windows® 7 supports Remote Desktop Connection to your home and work computers anywhere, anytime. Access files, programs and networks from your ViewPad10pi. Rest assured that your Citrix Ready® tablet is certified compatible to connect with your Citrix powered virtual desktops and applications.

ViewPad® 10pi – 10.1" Windows® Tablet

V10pi

3 More of everything you need

Dual cameras include a 1.3 MP front camera and a 3.2 MP rear camera. Two full USB ports enable added connectivity for a keyboard, mouse, external drives and other accessories. The ultra-high 64 GB built-in storage provides all the space you'll need for documents and applications. Dual OS Ready means you can activate Android™ 2.3 for a complete dual boot solution with both Android and Windows.

6 Don't Type...Swype!

ViewPad 10pi includes Swype®, the most popular virtual keyboard for touch screen tablets and mobile devices. Swype offers a friendlier alternative to old-fashioned "tap and type" keyboards, making your input faster and more accurate. Just Swype your finger from one letter to the next. It's the most efficient and most fun way to type on a touch screen tablet. You'll never go back to tapping again!

4 Limitless connectivity

With built-in Wi-Fi® 802.11 b/g/n and Bluetooth® 2.1 + EDR, the ViewPad 10pi is ready to keep you connected. The full connectivity includes 2 high speed USB 2.0 port, microphone, headphone and SD card slot.

5 Even more ways to connect

The optional exclusive docking station* lets you take your mobile office anywhere. ViewPad 10pi makes going to work easy: just plug in your keyboard and mouse for a complete PC experience. Full connectivity includes video out put to large display.
