

# HP Compaq nx6125 Notebook PCs

HP recommends Microsoft® Windows® XP Professional

HP Compaq Notebooks and Tablets are thoughtfully designed with security features, ease of use and reliability in a convenient business-essential mobile office. Together these key areas help form the basis to provide users a better mobile experience by allowing them to quickly and easily access and use information where and when they need it.

The HP Compaq nx6125 Notebook PCs are smart, mobile office notebooks for cost-conscious professionals. The smart, thin and light design lets you easily pack and transport these notebooks, which start at 5.9lb/2.68kg and as thin as 1.22-in/31.0mm. The right balance of key features including 15-inch display, AMD Turion™ 64 Mobile Technology, generous memory and hard drive capacity, and a variety of optical drive choices help handle your versatile business needs.

## Secure Mobility

Help protect your notebook from unauthorized access with enhanced security features: HP ProtectTools, integrated Smart Card Reader (optional), integrated HP Biometric Fingerprint Sensor and HP Drivelock technology help prevent data from being compromised if your notebook is lost or stolen.

Wireless<sup>1</sup> connectivity and enhanced battery life help you get connected and be productive wherever your work takes you. A broad range of wired and wireless solutions and our dual antenna system help you work efficiently with a more reliable connection to your network.

The convenient optional HP Travel Battery<sup>2</sup> extends battery life and also recharges quickly while the notebook is docked. Work as if you have never left the office.

## Ease of use

The HP Compaq nx6125 Notebook PCs combine proven technologies with flexible configurations so you can choose the notebook that best fits your needs and budget. A range of versatile and optional features, the latest processors, and displays let you work without compromise.

Comprehensive desktop-like features including a large crisp display, a full-sized keyboard, and a scroll zone within the recessed touchpad make you feel like you are working at your desk.

The 6-in-1 media reader provides you an easy way to share or back up your data utilizing industry-standard memory cards. Convenient one-touch buttons simplify access to many commonly used system applications and websites. And the HP Info Center helps you manage your system and security features, as well as access HP help and support tools.

## Reliability

The HP Compaq nx6125 is engineered to meet tough business standards by providing users with a variety of reliability features and a durable design that will give them confidence in their computer. The scratch-resistant In-mold Lamination keeps the notebook looking newer longer. The HP Panel Protection System helps prevent the display from scuffing and scratching.

HP notebook PCs are backed by HP world-class global services and solutions to support your business and IT needs. HP and its value-added resellers and solution providers have the infrastructure and highly skilled professionals that can help you take your business to the next level.

Smart balance of mobility and affordability

<b>Warranty</b>	<b>One-year standard parts and labor warranty</b> (upgrades available)			

<sup>1</sup> Wireless access point required and is not included. Availability of public wireless access points limited. Wireless Internet use requires purchased Internet service contract.

<sup>2</sup> Sold separately.

<sup>3</sup> Bluetooth is a trademark owned by its proprietor and used by Hewlett-Packard Company under license.

<sup>4</sup> The term "10/100/1000" or "Gigabit" Ethernet indicates compliance with IEEE standard 802.3ab for Gigabit Ethernet, and does not connote actual operating speed of 1 Gb/s. For high-speed transmission, connection to a Gigabit Ethernet server and network infrastructure is required.

<sup>5</sup> LightScribe media required and sold separately. LightScribe creates a grayscale image similar to black and white photography.

<sup>6</sup> Double Layer is a new technology. Media compatibility will widely vary with some home DVD and DVD-ROM drives.
