

SMALL WONDER. BIG POSSIBILITIES

FULLY FUNCTIONAL MINI-NOTEBOOK PC

HP recommends Windows Vista® Business

HP MINI 2140 NOTEBOOK PC

Packed with an impressive combination of features, the HP Mini 2140 offers you a full-function PC with the utmost mobility.

Small but mighty

Ideal for general purpose business applications or instructional use, the HP Mini 2140 Notebook PC might be small in size (starting at 2.6 lb / 1.19 kg and only 1.05 in/27 mm thin) but it's big on usability, durability, and sleekness. Packed with an impressive combination of features, the HP Mini 2140 offers you a full-function PC with the utmost mobility.

Productive here, there and everywhere

The HP Mini 2140 comes equipped with the productivity tools you need to conduct business efficiently on the go, including a 92% full-size, user-friendly QWERTY keyboard; ExpressCard/54 slot, integrated Secure Digital Reader, and touchpad with scroll zone. The 10.1-inch diagonal HP Illumi-Lite LED display now has a 16:9 aspect ratio, similar to many newer TVs, and you can choose between standard or high resolution.

Cut the cords and stay connected

With wireless technologies such as integrated Wi-Fi Certified WLAN³ and optional Bluetooth®, it is easier to access the Internet as well as communicate via

email, IM, chat, and blogging—at school, at home or on the road at your favorite hotspots as well as use optional Bluetooth devices such as printers, mice and headsets. By using the Internet, e-mail, instant messaging and VoIP,³ it makes researching, communicating, collaborating, and searching more convenient and enjoyable.

HP Professional Innovations help you focus on your business

Built to last. The simple, refined design and all-aluminum case make it sleek and sturdy yet super lightweight. Reliable features such as HP DuraKeys, magnesium alloy support structure, and HP 3D DriveGuard help give you a reliable and durable mini-notebook PC that can go the distance.

Built to simplify. Experience video, still-image capture, web conferencing, or video-enhanced instant messaging with no additional hardware to buy or carry. The integrated VGA webcam enables both video and still-image capture so you can add photos and video clips to presentations, documents and e-mail.

HP Mini 2140 NOTEBOOK PC

HP recommends Windows Vista® Business

HP Mini 2140 NOTEBOOK PC

HP recommends Windows Vista® Business

HP Mini 2140 NOTEBOOK PC

HP recommends Windows Vista® Business

1. Certain Windows Vista product features require advanced or additional hardware. See www.microsoft.com/windowsvista/getready/hardwarereqs.aspx and www.microsoft.com/windowsvista/getready/capable.aspx for details. Windows Vista Upgrade Advisor can help you determine which features of Windows Vista will run on your computer. To download the tool, visit www.windowsvista.com/upgradeadvisor.
2. Microsoft® Office 2007 is a trial version; functionality is reduced after 60 days. The full version is sold separately.
3. Wireless access point required and is not included. Availability of public wireless access points limited. Wireless, internet, and VoIP require separately purchased service contract.
4. For hard drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 8 GB (for XP) and 10 GB (for Vista) of system disk is reserved for the system recovery software.
5. The term "10/100/1000" or "Gigabit" Ethernet indicates compliance with IEEE standard 802.3ab for Gigabit Ethernet, and does not connote actual operating speed of 1 Gb/sec. For high speed transmission, connection to a Gigabit Ethernet server and network infrastructure is required.
6. NIC speed limited due to processor L2 cache level.
7. HP Fast Charge recharges your primary battery up to 90% within 90 minutes when the system is off.
8. Sold separately or purchased as an optional feature.
9. Windows Vista Business disk may be included for future upgrade if desired. To qualify for this downgrade an end user must be a business (including governmental or educational institution) and is expected to order annually at least 25 customer systems with the same custom image.
10. Runs at a maximum of 533 MHz with 800 MHz memory module
11. Windows XP Home only supports up to 1024 MB memory
