

ProBook 4425s Notebook PC

Stylish Affordability

A stylish 14.0-inch diagonal notebook with AMD processors, featuring VISION Pro

Windows®. Life without Walls™. HP recommends Windows 7.

Stylish design

With a starting weight of only 5.0 lb / 2.27 kg, the HP ProBook 4425s Notebook PC offers refined simplicity in an affordable package. Its brushed aluminum finish combines good looks with durability. It includes software such as HP Face Recognition¹ for easy log-in and Corel Home Office² for office productivity.

Multimedia support

The ProBook 4425s features low-power-consumption ATI integrated graphics. In addition, the notebook comes loaded with the new ArcSoft TotalMedia Suite, which allows you to play, edit, and create video and audio files. New “multimedia controls” such as play, rewind, and fast-forward for video control are now integrated into the keyboard, simplifying work with video and audio files. And experience life in high definition³ with an HDMI port that allows you to connect directly to high-definition displays.

HP Professional Innovations to help you focus on your business

Built to conserve. HP Power Assistant⁴ lets you take control with total visibility of your notebook PC’s reported power consumption. This easy-to-use tool allows you to conserve power, stretch battery run-time, accurately monitor your reported power needs, and report workforce power consumption.

Built to simplify. HP QuickLook⁵ lets you read and write email, calendar, task, and contact information in seconds at the touch of a button, without having to boot up. And HP QuickWeb⁶ grants access to the Web in seconds—even if your notebook is turned off.

Built to protect. The spill-resistant keyboard helps protect sensitive electronics and key components from minor spills. And HP 3D DriveGuard¹ helps protect your notebook’s hard drive against impact or drops using a 3-axis accelerometer that detects any sudden movement and initiates protective action to keep your critical information protected.

THE COMPUTER
IS PERSONAL
AGAIN.

SPECIFICATIONS

Operating system	Preinstalled: Genuine Windows® 7 Professional 32 ⁷ Windows XP Professional available through downgrade rights from Genuine Windows 7 Professional 32 ^{7, 8} Genuine Windows® 7 Home Premium 32 ⁷ Genuine Windows® 7 Home Basic 32 ⁷ Genuine Windows® 7 Starter 32 ⁷ Genuine Windows Vista® Home Basic 32 ⁹ SUSE Linux Enterprise Desktop 11	Supported: Genuine Windows 7 Professional 64 ⁷ Certified: SUSE Linux Enterprise Desktop 11
Processor ¹⁰	AMD Phenom II Quad-Core Mobile Processor (up to 1.6 GHz, 2 MB L2 cache), AMD Turion II Dual-Core Mobile Processor (up to 2.3 GHz, 2 MB L2 cache), AMD Athlon II Dual-Core Processor for Notebook PCs (up to 2.1 GHz, 1 MB L2 cache)	
Chipset	AMD RS880M chipset	
Memory	DDR3 SDRAM, 1333 MHz (memory speed is processor dependent), two slots supporting dual-channel memory ¹¹ : 2048/4096 ¹² MB SODIMMs, up to 4096 ¹² MB standard and up to 8192 ¹² MB total with optional upgrade	
Internal storage ¹³	SATA hard drive: 250/320/500 GB 7200 rpm, with HP 3D DriveGuard	
Removable storage	DVD+/-RW SuperMulti DL LightScribe Drive ¹⁴	
Display	14.0-inch diagonal LED-backlit HD ² (1366 x 768)	
Graphics ¹⁵	Integrated: ATI Mobility Radeon HD 4250	
Audio/Visual	High-definition audio, stereo speakers, stereo headphone/line out, stereo microphone in, integrated digital microphone; optional integrated 2 MP webcam ¹⁶	
Wireless support ¹⁷	802.11 b/g/n, b/g; Bluetooth™ 2.1, HP Wireless Assistant	
Communications ¹⁸	Realtek Ethernet (10/100/1000 NIC), optional 56K v.92 modem	
Expansion slots	(1) ExpressCard/34 slot, media card reader	
Ports and connectors	(3) USB 2.0 ports, (1) eSATA/USB 2.0 combo port, VGA, HDMI, stereo microphone in, stereo headphone/line out, power connector, RJ-11/modem, RJ-45/Ethernet	
Input device	Full-sized, spill-resistant keyboard, ClickPad with Gestures support (Gestures not available for Linux)	
Software	HP Recovery Manager (Windows 7 and Windows Vista only), HP Support Assistant, Norton Online Backup, HP QuickLook 3 ⁵ , HP QuickWeb ⁶ , HP DayStarter, HP Power Assistant ⁴ , HP SoftPaq Download Manager, ArcSoft TotalMedia Suite, Skype ¹⁹ , WinZip trial, Corel Home Office ² , HP Face Recognition ¹	
Security	HP ProtectTools, Central Management for HP ProtectTools, optional HP Fingerprint Sensor ¹⁶ , Device Access Manager, Enhanced Pre-Boot Security, HP Spare Key ²⁰ , HP Disk Sanitizer ²¹ , Drive Encryption for HP ProtectTools, Credentia ²²	
Dimensions	1.07 (at front) x 13.23 x 9.15 in / 27.0 (at front) x 336 x 232.4 mm	
Weight	Starting at: 5.0 lb / 2.27 kg (or 4.71 lb / 2.14 kg with no optical drive; weight will vary by configuration)	
Power	6-cell (47 WHr) Lithium-Ion battery, 9-cell (93 WHr) Lithium-Ion battery, 65W HP Smart AC Adapter, HP Fast Charge ²³	
Expansion solutions ¹⁶	HP USB 2.0 Docking Station, HP Essential USB Port Replicator, HP Basic Adjustable Stand	
Warranty	Limited 1-year and 90-day warranty options available, depending on country; 1-year limited warranty on primary battery. Optional HP Care Pack services are extended service contracts that go beyond your standard warranties. For more details, visit www.hp.com/go/lookuptool .	

ProBook 4425s Notebook PC

Windows®. Life without Walls™.

HP recommends Windows 7.

1. Face Recognition and HP 3D DriveGuard require Microsoft Windows.
2. Corel Home Office 60-day trial version included. Functionality is limited afterwards. Full version requires purchase.
3. HD content required to view HD images.
4. Power calculations and cost calculations are estimates. Results will vary based on variables, which include information provided by the user, time PC is in different power states (on, standby, hibernate, off), time PC is on battery or AC, hardware configuration, variable electricity rates, and utilities provider. HP advises customers to use information reported by HP Power Assistant for reference only and to validate impact in their environment. Environmental calculations were based on U.S. EPA eGrid 2007 data found at www.epa.gov/egrid/. Regional results will vary. Requires Microsoft Windows.
5. HP Quicklook 3 is accessible when the notebook is off and requires Microsoft Windows and Microsoft Outlook. Timing may vary depending on the system configuration. To enable the feature following the removal of the battery, reboot the notebook prior to subsequent use.
6. HP QuickWeb is accessible when the notebook is off and requires Microsoft Windows. Internet access required. Timing may vary depending on the system configuration. To enable the feature following the removal of the battery, reboot the notebook prior to subsequent use.
7. This system may require upgraded and/or separately purchased hardware and/or a DVD drive to install the Windows 7 software and take full advantage of Windows 7 functionality. See www.microsoft.com/windows/windows7/ for details.
8. Windows XP Professional is preinstalled on this system and includes end user rights and media for Windows 7 Professional. You may only use one version at a time. You must back up all data (files, photos, etc.) before uninstalling and installing operating systems to avoid loss of your data.
9. Certain Windows Vista product features require advanced or additional hardware. See www.microsoft.com/windowsvista/getready/hardwareregs.mspx and www.microsoft.com/windowsvista/getready/capable.mspx for details. Windows Vista Upgrade Advisor can help you determine which features of Windows Vista will run on your computer. To download the tool, visit www.windowsvista.com/upgradeadvisor.
10. This system requires a separately purchased 64-bit operating system and 64-bit software products to take advantage of the 64-bit processing capabilities of AMD technology. Dual/quad/triple-core processing available with AMD technology is designed to improve performance of this system. Given the wide range of software applications available, performance of a system including a 64-bit operating system and a dual-core processor will vary. This notebook PC does not support the over-clocking feature.
11. Maximized dual-channel performance requires SODIMMs of the same size and speed in both memory slots.
12. Maximum memory capacities assume Windows 64-bit operating systems or Linux. With Windows 32-bit operating systems, memory above 3 GB may not all be available due to system resource requirements.
13. For hard drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 8 GB (for Windows XP), 10 GB (for Vista) or 15 GB (for Windows 7) of system disk is reserved for the system recovery software.
14. Double-layer discs can store more data than single-layer discs. However, double-layer discs burned with this drive may not be compatible with many existing single-layer DVD drives and players. LightScribe media required and sold separately. LightScribe creates a monochrome image. Note that DVD-RAM cannot read or write to 2.6 GB single-sided/5.2 GB double-sided – version 1.0 media. Don't copy copyright-protected materials.
15. Shared video memory (UMA) uses part of the total system memory for video performance. System memory dedicated to video performance is not available for other use by programs.
16. Sold separately or purchased as an optional feature.
17. Wireless access point and Internet service is required and is not included. Availability of public wireless access points limited.
18. The term "10/100/1000" or "Gigabit" Ethernet indicates compliance with IEEE standard 802.3ab for Gigabit Ethernet, and does not connote actual operating speed of 1 Gb/sec. For high-speed transmission, connection to a Gigabit Ethernet server and network infrastructure is required.
19. Internet access required.
20. Requires initial user setup.
21. For the use cases outlined in the DOD 5220.22-M Supplement.
22. 60-day trial period. Internet access required to receive updates. First update included. Subscription required for updates.
23. HP Fast Charge recharges your primary battery up to 90% within 90 minutes when the system is off. Fast Charge Technology does not apply to 9-cell primary battery.
24. Gestures support requires Microsoft Windows.
