

## HP 6360t Mobile Thin Client

Go Mobile. Go Thin.

Check out HP's mobile thin client with robust hardware, software, and services to maintain security, manageability, and affordability.

Your IT department faces daily challenges caused by viruses, data and equipment theft, downtime, and even natural disasters. Users demand greater security, reliability, and mobility. Meet their needs and yours with the newly designed HP 6360t Mobile Thin Client.

### **Enhance security**

By storing files on your secure, centralized server, your data is protected in the event that the mobile thin client is lost or stolen.

### **Increased reliability**

With fewer moving parts, the HP 6360t Mobile Thin Client can provide higher reliability, lower ownership costs, and an extended product life. Plus, solid-state modules (SSMs)—as opposed to traditional hard disk drives (HDDs)—are based on flash memory and, therefore, have fewer moving parts.

### **New professional design**

The HP 6360t Mobile Thin Client sports a bead-blast aluminum display enclosure, a magnesium-reinforced ABS chassis, and a bottom-case drain that helps protect against accidental minor spills on the keyboard. The HP 6360t Mobile Thin Client features HP DuraFinish in a new tungsten color, which is smudge and wear resistant.

### **Added flexibility**

The HP 6360t Mobile Thin Client includes multiple primary battery solutions from lightweight to enhanced battery life configurations.<sup>1</sup> Easily connect to the HP 90W Docking Station<sup>1</sup> or the HP 120W Advanced Docking Station<sup>1</sup> to use peripherals without needing to plug and unplug your accessories to your notebook every time you use them.

### **Software solutions**

The HP 6360t Mobile Thin Client, featuring Microsoft® Windows® Embedded Standard, includes software technologies that are preinstalled, delivering greater flexibility to IT staff and mobile professionals. The Enhanced Write Filter (EWF) helps prevent undesired writes to solid-state modules such as application installations and downloads. Alternatively, the File Based Write Filter (FBWF) allows IT professionals to designate specific folders and files (including the Windows registry) to retain information such as wireless network settings, printer configuration, and virus definition files.

## SPECIFICATIONS

<b>Operating system</b>	Preinstalled: Genuine Windows Embedded Standard 2009 Genuine Windows Embedded Standard 7
<b>Processor</b>	Intel® Celeron® Processor B810 (1.6 GHz, 2 MB L3 cache)
<b>Chipset</b>	Mobile Intel HM65 Express Chipset
<b>Memory</b>	DDR3 SDRAM; 1333 MHz; two slots supporting dual channel memory; <sup>2</sup> 2 GB, 4 GB, and 8 GB SODIMMs, up to 16 GB <sup>3</sup>
<b>Internal storage</b>	Solid-state flash module: 2 GB, 4 GB <sup>4</sup>
<b>Removable storage</b>	Fixed 12.7 mm SATA optical drive: DVD-ROM drive (optional)
<b>Display</b>	13.3-inch diagonal LED-backlit HD <sup>5</sup> antiglare (1366 x 768 resolution)
<b>Graphics</b>	Intel HD <sup>5</sup> Graphics
<b>Audio/Visual</b>	HD Audio, integrated stereo speakers, stereo headphone/line out, stereo microphone in, integrated microphone
<b>Wireless support<sup>6</sup></b>	Broadcom 802.11 a/b/g/n
<b>Communications<sup>7</sup></b>	Integrated Intel 82579V Gigabit Network Connection, optional 56K V.92 modem <sup>1</sup>
<b>Expansion slots</b>	ExpressCard/54 slot, Secure Digital/MMC slot, optional integrated Smart Card Reader <sup>1</sup>
<b>Ports and connectors</b>	3 USB 2.0, 1 eSATA/USB 2.0 Combo, 1 VGA, 1 DisplayPort, 1 stereo microphone in, 1 stereo headphone/line out, 1 power connector, 1 RJ-11 modem, 1 RJ-45/Ethernet, 1 docking connector, 1 secondary battery connector
<b>Input device</b>	Full-sized keyboard with drains, touchpad with scroll zone and gestures support, launch buttons (wireless on/off, volume mute)
<b>Software</b>	<p><b>Windows Embedded Standard 2009</b>—Internet Explorer 7, Windows Media Player 11, Microsoft .NET Framework 3.5, Enhanced Write Filter and File Based Write Filter, WinDVD, Microsoft Remote Desktop Protocol 7.0, Citrix XenApp 12, VMware View Client 4.0, HP TeemTalk 7.0 (Terminal Emulator), HP Remote Graphic Software (RGS) 5.4.1, Symantec Endpoint Security Firewall, Adobe Flash Player 10, and HP Hotkey Support 4.0</p> <p><b>Windows Embedded Standard 7 SP1</b>—Internet Explorer 8, Windows Media Player 12, Microsoft .NET Framework 3.5, Microsoft Firewall, Enhanced Write Filter and File Based Write Filter, Microsoft Windows 7 Codecs for audio and DVD playback, Microsoft Remote Desktop Protocol 7.1 (Microsoft RemoteFX), Citrix XenApp 12, VMware View Client 4.5, HP TeemTalk 7.0 (Terminal Emulator), HP Remote Graphic Software (RGS) 5.4.1, Adobe Flash Player 10, and HP Hotkey Support 4.0</p> <p><b>Manageability Solutions</b>—HP ThinState Capture Tools, HP Device Manager, and Altiris Agent (WES09 only)</p>
<b>Security</b>	Setup password, power-on password, security lock slot, <sup>1</sup> HP Privacy Filter support <sup>1</sup>
<b>Dimensions</b>	1.32 (at front) x 12.68 x 8.66 in/3.37 (at front) x 32.2 x 22 cm
<b>Weight</b>	Starting at: 4.31 lb/1.96 kg without optical drive; 4.64 lb/2.11 kg with optical drive; weight will vary by configuration
<b>Power</b>	9-cell (100 WHr) Lithium-ion battery, 6-cell (55 WHr) Lithium-ion battery, optional HP Extended Life Notebook Battery (9-cell/73 WHr) <sup>1</sup> , optional HP Ultra Extended Life Notebook Battery (9 cell/100 WHr) <sup>1</sup> , HP 65W Smart AC Adapter, HP Fast Charge <sup>8</sup>
<b>Expansion solutions<sup>1</sup></b>	HP 90W Docking Station, HP 120W Docking Station, HP USB 2.0 Docking Station, HP Essential USB 2.0 Port Replicator, HP LAN and USB Travel Hub
<b>Warranty</b>	Limited 3-year and 1-year warranty options available, depending on country; 1-year limited warranty on primary battery. Optional HP Care Pack Services are extended service contracts that go beyond a standard warranty. <sup>9</sup> For more details, visit <a href="http://www.hp.com/go/lookuptool">www.hp.com/go/lookuptool</a> .

## HP 6360t Mobile Thin Client

---

1. Sold separately or purchased as an optional feature.
2. Dual channel is only supported when the system is configured with DDR3 symmetric memory (i.e., 2x256).
3. With Windows 32-bit operating systems, memory above 3 GB may not all be available due to system resource requirements.
4. GB = 1 billion bytes. Actual formatted capacity is less. Up to 15 GB of system disk is reserved for system recovery software.
5. HD content required to view HD images.
6. Wireless access point and Internet service is required and sold separately. Availability of public wireless access points limited.
7. The term "10/100/1000" or "Gigabit" Ethernet indicates compliance with IEEE standard 802.3ab for Gigabit Ethernet, and does not connote actual operating speed of 1 Gb/s. For high-speed transmission, connection to a Gigabit Ethernet server and network infrastructure is required.
8. Fast Charge Technology recharges your battery up to 90% within 90 minutes when the system is off. Fast Charge Technology does not apply to the HP Ultra Extended Life or 9-cell batteries. When the PC is powered on, charge time may increase and will vary based on the workload of the notebook PC.
9. Service levels and response times for HP Care Packs may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit [www.hp.com/go/lookuptool](http://www.hp.com/go/lookuptool).
