

EliteBook 8560w Mobile Workstation

Portable powerhouse

HP's most versatile mobile workstation with high-end professional graphics, robust processing power, a 15.6-inch diagonal display, and a chiseled design that radiates performance.

HP recommends Windows® 7.

New chiseled design

The HP EliteBook 8560w debuts in a radial-brushed display cover in a gunmetal color. In addition to looking good, it's also designed to meet tough military standards (MIL-STD-810G) for drop, vibration, dust, humidity, altitude, and high temperature.¹

Outstanding workstation-class graphics and performance

Maximize onscreen performance with AMD or NVIDIA professional graphics solutions that are tested and certified to run the most demanding professional applications. Run more tasks, processes, and applications simultaneously with 2nd generation Intel® Core™ i7² and i5² processors and support for up to four SODIMMS³ for a total of 32 GB of memory.^{4,5}

In addition, HP Performance Advisor delivers a simple, effective, software wizard that takes you from initial configuration and customization through optimizing your system for each new application and driver you install.

Consistent, accurate color

The HP DreamColor display provides unprecedented color fidelity and accuracy in a mobile display. It provides wider viewing angles, higher contrast ratios, and 64 times the

color supported on traditional notebook displays, making it a great choice for users that require accurate, consistent color from concept to production.

Expand your view

AMD Eyefinity Technology allows users to run up to five independent displays,⁶ or group displays together to form a large viewing surface, for the ultimate computing experience.⁷

Built to simplify

SRS Premium Sound delivers an audio experience for users listening to media rich content, presenting multimedia heavy presentations or digital content creators listening to audio or surround sound the way it was meant to be heard.

Built to protect

HP ProtectTools⁸ is a portfolio of security technologies that's easy to use, robust, and can be centrally managed by businesses of all sizes across HP and non-HP client PCs.

SPECIFICATIONS

Operating system	<p>Preinstalled:</p> <ul style="list-style-type: none"> Genuine Windows® 7 Professional 64⁹ Genuine Windows 7 Home Premium (limited localizations)⁹ FreeDOS <p>Supported:</p> <ul style="list-style-type: none"> Genuine Windows 7 Enterprise⁹ Genuine Windows 7 Ultimate⁹ Genuine Windows Vista Enterprise¹⁰ Genuine Windows Vista Business¹⁰ Genuine Windows XP Professional <p>Certified:</p> <ul style="list-style-type: none"> SUSE Linux Enterprise Desktop
Processor	2 nd generation Intel® Core™ i7 and i5 mobile processors ² with Turbo Boost Technology ¹¹
Chipset	Mobile Intel QM67 Express Chipset (vPro support ¹²)
Memory	DDR3 SDRAM, 1,333 MHz, dual-core processors support 2 memory slots and quad-core processors support 4 memory slots, 2/4/8 GB ⁴ SODIMMs, up to 32 GB total ⁵
Internal Storage⁶	320/500/750 GB ¹³ 7200 rpm SMART SATA II HDD, 320 GB ¹³ 7200 rpm SED (Self Encrypting Drive), or 128/256 GB ¹³ SSD; HP 3D DriveGuard ⁸
Upgrade Bay	12.7 mm SATA optical drive or secondary hard drive: Blu-ray R/RE DVD+/-RW SuperMulti DL Drive, ^{6,14} DVD-ROM Drive, ⁶ 500 GB 7200 rpm HDD ^{6,13}
Display	15.6-inch diagonal LED-backlit WVA anti-glare, HD+ ^{6,15} (1600 x 900); 15.6-inch diagonal LED-backlit WVA anti-glare, FHD ^{6,15} (1920 x 1080); 15.6-inch diagonal LED-backlit UWVA anti-glare, FHD ^{6,15} DreamColor (1920 x 1080)
Graphics	AMD® FirePro™ M5950 (1GB GDDR5) with AMD Eyefinity Technology for advanced multi-monitor support ⁷ NVIDIA Quadro 1000M (2 GB DDR3) NVIDIA Quadro 2000M (2 GB DDR3)
Audio/Visual	High-definition audio (SRS Premier Sound), stereo speakers, stereo headphone/line out, stereo microphone in, optional HD Webcam, ^{6,15,16} integrated dual-microphone array
Wireless Support	Optional HP hs2340 HSPA+ Mobile Broadband; ^{6,17} optional HP un2430 EV-DO/HSPA Mobile Broadband; ^{6,18} Intel Centrino 802.11a/b/g/n, ^{6,19} Atheros 802.11a/b/g/n, ^{6,19} HP Integrated Module with Bluetooth® v2.1+ EDR Wireless Technology; ⁶ HP Connection Manager ¹⁶
Communications	Integrated Intel 82579LM Gigabit Network Connection ²⁰ (vPro ¹²), 56K v.92 modem
Ports and Connectors	(2) USB 3.0 ports, (2) USB 2.0 ports (1 charging), (1) eSATA/USB 2.0 combo port, (1) VGA, (1) DisplayPort, (1) stereo microphone in, (1) stereo headphone/line out, (1) 1394a, (1) power connector, (1) RJ-11/modem, (1) RJ-45/Ethernet, (1) docking connector, (1) secondary battery connector
Expansion Slots	1 ExpressCard/54 slot, 1 SD/MMC slot
Input Device	Full-sized spill-resistant keyboard with numeric keypad, drains, backlit keyboard (optional ⁶), touchpad with scroll zone and gestures support, point stick, discrete launch buttons (wireless on/off, HP QuickWeb, ²¹ volume mute, calculator)
Software (Windows OS only)	HP Power Assistant, ²² HP Recovery Manager, HP Support Assistant, HP QuickWeb, ²¹ Microsoft® Office 2010 Preloaded—Purchase Key, ²³ Intervideo WinDVD (select models), Roxio Burn Secure (select models), Roxio MyDVD 10 SE (select models), Norton Internet Security 2011, ²⁴ Skype, ¹⁶ HP Client Manager Software, HP Client Configuration Management Agent, HP OpenView PC Configuration Management Solutions, HP Performance Advisor
Security	Standard: HP ProtectTools, ⁸ Central Management capable, TPM Embedded Security Chip 1.2, HP Fingerprint Sensor, Enhanced Pre-Boot Security, HP Spare Key (requires initial user setup), HP Disk Sanitizer, ²⁵ Drive Encryption for HP ProtectTools, ⁸ Credential Manager for HP ProtectTools, ⁸ File Sanitizer for HP ProtectTools, ²⁵ Intel AT ²⁶ (requires a Computrace subscription ²⁷), security lock slot, Smart Card Reader; Computrace Pro for HP ProtectTools ²⁷
Dimensions (h x w x d)	Standard panel: 1.36 in (at front) x 15.0 in x 10.1 in/3.5 cm (at front) x 38.2 cm x 25.8 cm DreamColor panel: 1.44 in (at front) x 15.0 in x 10.1 in/3.7 cm (at front) x 38.2 cm x 25.8 cm
Weight	Starting at 6.69 lb (3.0 kg) without optical drive; 6.94 lb (3.1 kg) with DVD-ROM drive (weight will vary by configuration)
Power	8-cell (83 WHr) Lithium-Ion battery, ²⁸ 8-cell (75 WHr) HP Long Life Battery (3-year), ^{6,28} optional HP ST09 Extended Life Notebook Battery (73 WHr), ^{6,28} optional HP BB09 Ultra Extended Life Notebook Battery (100 WHr), ^{6,28} 120W HP Smart AC Adapter, ⁶ 150W HP Smart AC Adapter, ⁶ 200W HP Smart AC Adapter, ⁶ HP Fast Charge ²⁹
Expansion Solutions⁶	HP 230W Docking Station, HP 230W Advanced Docking Station, HP Essential USB 2.0 Port Replicator, HP Dual Hinge Notebook Stand, HP Display & Notebook Stand, HP Adjustable Display Stand, HP Adjustable Dual Display Stand
Warranty	Limited 3-year warranty options available, depending on country, 1-year limited warranty on primary battery. Optional HP Care Pack Services are extended service contracts which go beyond your standard warranties. ³⁰ For more details visit: www.hp.com/go/lookuptool .

- 1 MIL-STD-810G testing was not intended to demonstrate fitness for U.S. Department of Defense contracts or for military use. Test results are not a guarantee of future performance under these test conditions.
- 2 Dual/Quad Core is a new technology designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing on Intel architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers and applications enabled for Intel 64 architecture. Processors will not operate (including 32-bit operation) without an Intel 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance.
- 3 Requires quad-core processors.
- 4 Maximized dual-channel performance requires SODIMMs of the same size and speed in both memory slots.
- 5 Above 3 GB, all memory may not be available due to system resource requirements.
- 6 Sold separately or purchased as an optional feature.
- 7 Requires AMD discrete graphics configuration.
- 8 Microsoft Windows required.
- 9 Systems may require upgraded and/or separately purchased hardware to take full advantage of Windows 7 functionality. Not all features are available in all editions of Windows 7. See www.microsoft.com/windows/windows7/ for details.
- 10 Certain Windows Vista product features require advanced or additional hardware. See www.microsoft.com/windowsvista/getready/hardwarereqs.msp and www.microsoft.com/windowsvista/getready/capable.msp for details. Windows Vista Upgrade Advisor can help you determine which features of Windows Vista will run on your computer. To download the tool, visit www.windowsvista.com/upgradeadvisor.
- 11 Intel® Turbo Boost 2.0 technology requires a PC with a processor with Intel Turbo Boost 2.0 capability. Intel Turbo Boost 2.0 performance varies depending on hardware, software, and overall system configuration. See www.intel.com/technology/turboboost for more information.
- 12 Some functionality of Intel vPro, such as Intel Active management technology and Intel Virtualization technology, requires additional third-party software in order to run. Availability of future "virtual appliances" applications for vPro technologies is dependent on third-party software providers. Compatibility with future "virtual appliances," Microsoft Windows Vista, and Windows 7 operating systems is yet to be determined.
- 13 For hard drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 15 GB of memory is reserved for system recovery software.
- 14 As Blu-ray contains new technologies, certain discs, digital connections, compatibility and/or performance issues may arise, and do not constitute defects in the product. Flawless playback on all systems is not guaranteed. In order for some Blu-ray titles to play, they may require a DVI or HDMI digital connection and your display may require HDCP support. This HD-DVD drive does not support writing to ultra-high speed CDRW media (16X to 32X advertised performance). HD-DVD movies cannot be played on this Blu-ray player. Actual speeds may vary. Don't copy copyright-protected materials. Double Layer media compatibility will widely vary with some home DVD players and DVD-ROM drives.
- 15 HD content required to view HD images.
- 16 Internet service required.
- 17 Wireless use requires separately purchased service contract. Check with local service provider for coverage area and availability in your area. Limited to mobile network operator coverage areas. Separately purchased mobile network operator service is required.
- 18 Gobi mobile broadband use requires separately purchased service contracts. Check with service provider for coverage and availability in your area. Connection speeds will vary due to location, environment, network conditions, and other factors.
- 19 Wireless access point and Internet service required and sold separately. Availability of public wireless access points limited.
- 20 The term "10/100/1000" or "Gigabit" Ethernet indicates compliance with IEEE standard 802.3ab for Gigabit Ethernet, and does not connote actual operating speed of 1 Gb/sec. For high speed transmission, connection to a Gigabit Ethernet server and network infrastructure is required.
- 21 HP QuickWeb is accessible when the notebook is off in Windows Vista- or Windows 7-based systems. Internet access is required. Timing may vary depending on the system configuration. To enable the feature following the removal of the battery, reboot the notebook prior to subsequent use.
- 22 HP Power Assistant enhances management of the system energy requirements and enables users to take control of their power consumption for a reduced impact on the environment. Power calculations and cost calculations are estimates. Results will vary based on variables, which include information provided by the user, time PC is in different power states (on, standby, hibernate, off), time PC is on battery or AC, hardware configuration, variable electricity rates, and utilities provider. HP advises customers to use information reported by HP Power Assistant for reference only and to validate impact in their environment. Environmental calculations were based on U.S. EPA eGrid 2007 data found at www.epa.gov/egrid/. Regional results will vary. Microsoft Windows required.
- 23 Includes reduced functionality versions of Word and Excel. Purchase of Product Key required to activate full Office 2010 suite available at participating resellers/retailers and www.office.com
- 24 Internet access required. This product may include Norton or McAfee software. First 60 days included. Subscription required for live updates afterward.
- 25 For the use cases outlined in the DOD 5220.22-M supplement.
- 26 Intel AT security requires a separately purchased Absolute Computrace service subscription and must be activated and configured. Check with Absolute for availability in your country. Intel and HP assume no liability for lost or stolen data and/or systems or any other damages resulting therefrom. See www.intel.com/technology/anti-theft/.
- 27 The Computrace Agent is shipped turned off and must be activated by customers when they purchase a subscription. Subscriptions can be purchased for terms ranging from one to five years. Service is limited, check with Absolute Software for service availability outside of North America. The Absolute Recovery Guarantee is a limited warranty. Certain conditions apply. Data Delete is an optional service provided by Absolute Software. If utilized, the Recovery Guarantee is null and void. In order to use the Data Delete service, customers must first sign a Pre-Authorization agreement and then purchase one or more RSA SecurID tokens from Absolute Software. For more information, visit www.absolute.com.
- 28 Battery life will vary depending on the product model, configuration, loaded applications, features, use, wireless functionality and power management settings. The maximum capacity of the battery will naturally decrease with time and usage. See MobileMark07 battery benchmark www.bapco.com/products/mobilemark2007 for additional details.
- 29 Fast Charge Technology recharges your battery up to 90% within 90 minutes when the system is off. Fast Charge Technology does not apply to the Ultra Extended Life battery. When the PC is powered on, charge time may increase and will vary based on the workload of the notebook PC.
- 30 Service levels and response times for HP Care Packs may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit www.hp.com/go/lookuptool.
