Toshiba Recommends Windows 8.

**REDISCOVER
TRUE MOBILITY.**

Series Overview

Unbelievably thin and light, the Portégé® R30 laptop is the premium no-compromise ultraportable PC. Experience the ultimate in mobility and unparalleled performance with a 4th generation Intel® Core™ M processor with vPro™ and TPM technologies, without sacrificing long battery life rating. Enjoy a wealth of features—including a built-in DVD drive—in a laptop that is only about 1-inch thin and starts at just 3.37 pounds. The vibrant 13.3-inch widescreen HD display, webcam and docking connector ensure that mobile workers can be highly productive anywhere. The Toshiba EasyGuard® Technology and a precision-crafted magnesium alloy casing molded with a unique honeycomb structure protect from accidental bumps and spills. Lastly, the Portégé® R30 laptop is designed, engineered and manufactured strictly by Toshiba with quality and reliability that truly sets it apart.

Product Highlights

Magnesium ToughBody™ Chassis with Honeycomb Structure

TOUGHBODY

Ultrathin and light with might.

Within a shock-absorbing design, we've molded a unique honeycomb reinforcement structure and a strong yet light magnesium alloy chassis for increased durability and rigidity.

Airflow II Cooling System

Highly efficient cooling technology.

Combining the optimization of airflow control, component layout and a highly effective air intake design, this innovative cooling technology enables a top-performing elite laptop.

Brilliant 13.3-Inch Diagonal Display

Put on a big show with this energy-efficient display.

This vibrant 13.3-inch diagonal, high-definition, LED-backlit, widescreen display brings images and presentations to life with bright and crisp colors.

Full-Size, Spill-Resistant, LED-Backlit Keyboard

You type away. We light the way.

When the room's dim or the lights go down, you can keep on typing, thanks to an illuminating LED-backlit keyboard on this laptop. It's great for working on planes or in poorly lit rooms. Plus, it's spill-resistant, so you have time to save your work and shut down without mishap.

The end of Windows XP.

On April 8, 2014, Microsoft will end support for Windows® XP, which means security risks and compatibility issues for you and your business PCs. Don't wait, move your business to a new Windows 8 Pro PC now. Put the power of a Windows 8 Pro PC to work for you.
