HP Folio¹³ Notebook PC

Introducing the HP Folio¹³. The Ultrabook™ built for business. Incredibly thin. Super light. With zero sacrifice on battery life. The HP Folio¹³ gives you up to 9.5 hours[1], so you can power through your workday without recharging.

HP recommends Windows® 7.

Equipped to get the job done.

Optimized for the Genuine Windows® 7 Professional (64-bit) operating system, the HP Folio¹³ combines a 33,8 cm (13.3") diagonal HD[2] BrightView display with Intel® processor capabilities[3] and wireless functionality — from Wi-Fi CERTIFIED™ WLAN[4] to Intel Wireless Display (WiDi) Technology[5].

Incredibly thin. This is huge.

Just 18 millimeters thin and starting at only 1.5 kilograms, the HP Folio¹³ is designed for business on the move. Now you can carry a lot less and do a lot more.

We gave the HP Folio¹³ a sleek, brushed aluminum design along with a soft-touch grip that makes it easy to pick up. And tough to put down.

All day or all week. It's your call.

Work up to a full 9.5-hour day without recharging[1]. Or take advantage of a week's worth of standby time and be ready to go from the get-go. Either way, the power's in your hands.

Fast. Reliable. Responsive. The perfect business partner.

Business won't wait. So get going in seconds with a solid-state drive and Intel® Rapid Start Technology[3]. Plus you'll get enhanced reliability and 128GB[6] of storage for work files.

Backlit keyboard. Another bright idea.

Keep working efficiently even in dimly lit conference rooms or on red eye flights. It's a full-size keyboard that doesn't compromise comfort.

Confidential data stays that way.

Available with an embedded TPM security chip[7], email and hard drive information stays secure. No intrusions. No worries.

Multiple ports. One machine.

With built-in USB, HDMI and Ethernet ports, you can say goodbye to a bagful of dongles. Just grab your HP Folio¹³ and go. It's all you need.

Everybody On

SPECIFICATIONS

Operating system	Genuine Windows® 7 Professional 64
Processor	Intel® Core™ i5-2467M (1.60 GHz, 3 MB L3 cache)
Chipset	Mobile Intel® HM65 Express
Memory	Up to 4 GB 1333 MHz Memory Slots : 1 SODIMM
Internal Storage	Solid State Drive 128 GB
Display	33,8 cm (13.3") diagonal LED-backlit HD BrightView (1366 x 768)
Graphics	Intel HD 3000 Graphics; Shared video memory (UMA) uses part of the total system memory for video performance. System memory dedicated to video performance is not available for other use by other programs.

Power	6-cell (59 WHr) Li-Ion; 65W non-smart AC adapter
Battery life	6-cell (59 WHr): up to 9.5 hours
Warranty	HP Services offers 1-year warranty (upgrades available, sold separately), 1-year limited warranty on primary battery

[1] Battery life will vary depending on the product model, configuration, loaded applications, features, use, wireless functionality and power management settings. The maximum capacity of the battery will naturally decrease with time and usage. See MobileMark07 battery benchmark www.bapco.com/products/mobilemark2007 for additional details.

[2] HD content required to view HD images.

[3] Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing on Intel® architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers, and applications enabled for Intel® 64 architecture. Processors will not operate (including 32-bit operation) without an Intel® 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance.

[4] Wireless access point and Internet service is required and is not included. Availability of public wireless access points limited.

[5] Folio¹³ includes integrated Intel Wi-Di software and requires separately purchased projector, tv or computer monitor with an integrated or external Wi-Di receiver. External Wi-Di receivers connect to the projector, tv or computer monitor via a standard HDMI cable, also sold separately.

[6] For hard drives and solid state drives (SSDs), GB = 1 billion bytes. Actual formatted capacity is less. Up to 30GB of SSD is reserved for system recovery software.

[7] TPM security chip is not available on all configurations.

Accessories and Services

HP Elite Slim Top Load Case

HP Elite Slim Top Load Case is perfect for the highly mobile professional with an eye for design. Constructed of leather and heavy-duty nylon, this durable case provides ample storage room for all the business necessities, while maintaining its stylish appearance.

Product number: AX680AA

HP 2.0 USB Docking Station

Skip the hassle of plugging and unplugging your monitor and peripherals every time you take your HP notebook PC with you.

Product number: AY052AA

HP USB Optical Travel Mouse

HP Input/Output devices provide additional desktop functionality for HP Business Notebooks. The HP Optical USB Travel mouse delivers the convenience, comfort, and elegance of optical mouse operation in a miniature size - an ideal solution while on the road.

Product number: RH304AA

HP Mobile USB NLS DVD-RW Drive

The HP Mobile DVD RW provides an external companion optical drive to accompany a laptop or mini that does not have an internal drive. The external drive provides CD/DVD support as well as Read/Write functionality. It connects to the computer through the USB 2.0 port, and an AC adapter is included.

Product number: A2U57AA

HP 65W Smart Travel AC Adapter

AC power adapters from HP power your notebook and charge the internal battery simultaneously. These adapters provide you with the ability to power your notebook when away from the office or on the road. The HP 65W Slim Travel Adapter is perfect for international travelers or "road warriors" who are always on the go. The adapter is 40% thinner than the standard 65W adapter and includes a convenient USB port for charging other accessories while you work. Four international adapter plugs help make sure your Slim Travel Adapter works wherever you do. A stylish protective carrying case keeps everything together.

Product number: AU155AA

3-year Next Business Day Onsite

Receive 3 years of next business day onsite repair from an HP-qualified technician for your computing device, if the issue cannot be solved remotely

Product number: UL510E
