

HP ProBook 6560b Notebook PC

Tailored for Business

Equip your team with HP's 39,6 cm (15.6") diagonal business notebook with a new design, the latest Intel technology, common docking ¹ and choice of graphics.

HP recommends Windows® 7.

All-new professional design

Boasting an elevated level of design in a tungsten color, the HP ProBook 6560b sports a bead-blasted aluminum display enclosure, a magnesium-reinforced ABS chassis and bottom case with drain that help against accidental minor spills. The full-sized keyboard allows you to type quickly and the generous touchpad is more conducive to using gestures.

Enhanced performance and graphics

Create documents, presentations and spreadsheets and quickly share them with co-workers. The new Intel architecture features 2nd generation Intel® Core™ i5 ² and i3 ² dual-core processors, offering incredible performance, responsiveness and enhanced graphics.

Choose Intel® HD Graphics 3000 ³ for responsive performance and rich media capabilities. Or, choose the AMD Radeon™ HD 6470M discrete graphics processor for an amazing visual experience with powerful performance.

Legibility and portability

Enjoy the easy-to-view 39,6 cm (15.6") diagonal HD ⁴ display on the HP ProBook 6560b.

Extensive battery solutions

Multiple battery options allow you to configure your laptop with the mobility and battery run-time that works for you ⁵.

Built to protect

HP ProtectTools is a portfolio of security technologies designed to give users three-dimensional protection through Strong Authentication, Data at Rest and Data in Motion ⁶.

Built to conserve

HP Power Assistant ⁷ extends battery run time while reducing energy consumption. It is an integrated solution that measures and logs reported system energy usage through a simple interface.

Built to simplify

Tap into fast, convenient and more secure access to the internet, email, contacts and calendar at the touch of a button without long boot-up times with HP QuickWeb ⁸. It delivers improved security via enhanced user authentication with support for passwords and biometrics.

Common docking options ¹ allow professionals to share docking solutions for the HP ProBook 6560b in various locations.

Power	6-cell (55 WHr) Li-Ion; 90W HP AC Adapter (discrete); 65W HP AC Adapter (integrated); HP Fast Charge	
Warranty	1 year carry-in, pick-up and return in some countries (upgrades available, sold separately), 1 year warranty on primary battery.	

¹ Sold separately or as an optional feature

² 64-bit computing on Intel architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers and applications enabled for Intel® 64 architecture. Processors will not operate (including 32-bit operation) without an Intel 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. See www.intel.com/info/em64t for more information. Quad Core is designed to improve performance of multithreaded software products and hardware-aware multitasking operating systems and may require appropriate operating system software for full benefit. Not all customers or software applications will necessarily benefit from use of this technology. Intel's numbering is not a measurement of higher performance

³ Intel HD 3000 not available with Celeron processors. Celeron configurations feature Intel HD graphics

⁴ HD content required to view HD images

⁵ Battery life will vary depending on the product model, configuration, loaded applications, features, use, wireless functionality and power management settings. The maximum capacity of the battery will naturally decrease with time and usage. See MobileMark07 battery benchmark www.bapco.com/products/mobilemark2007 for additional details

⁶ Microsoft Windows required

⁷ Power calculations and cost calculations are estimates. Results will vary based on variables, which include information provided by the user, time PC is in different power states (on, standby, hibernate, off), time PC is on battery or AC, hardware configuration, variable electricity rates and utilities provider. HP advises customers to use information reported by HP Power Assistant for reference only and to validate impact in their environment. Environmental calculations were based on U.S. EPA eGrid 2007 data found at www.epa.gov/egrid/. Regional results will vary. Microsoft Windows required. Requires discrete graphics configuration

⁸ HP QuickWeb is accessible when the notebook is off in Windows XP, Windows Vista or Windows 7-based systems. Internet access is required. Timing may vary depending on the system configuration. To enable the feature following the removal of the battery, reboot the notebook prior to subsequent use

Accessories and Services

HP Business Nylon Carrying Case

HP Business Nylon Carrying Case is designed inside and out with features that will be appreciated by a mobile traveler. Made from durable nylon, the case offers a large toplead compartment with plenty of room to organize materials, plus store business cards, cell phones and other supplies. It can carry a notebook up to 16.1 inch (40.89 cm) and also includes a neoprene pouch for a mini or thin-and-light notebook up to 12.1 inch (30.73 cm). Convenient outer pockets provide quick access to frequently used items, and can be closed with zippers and Velcro. Padding added to the handles and shoulder strap provide comfort as it is carried. Best of all, attach the HP Nylon Carrying Case to a rolling cart or suit case. A unique pass-through strap helps keep the case attached to the handle of a rolling cart or suit case, to avoid being lost or stolen.

Product number: BP848AA

HP 90W Docking Station

Desktop convenience with full port replication capability in a space-saving design.

Product number: VB041AA

HP Display and Notebook Stand

The perfect home base for the business traveler who is constantly on the go - turn your HP Business Notebook into a desktop solution supporting up to two displays (notebook display plus external display). The adaptable design of the HP Adjustable Display Stand can accommodate a range of notebook sizes with the innovative adjustable shelf. This stand can also accommodate notebooks that can be connected to a docking station and notebooks that do not have a docking connector. Integrated base rollers let you rotate the stand so you can more easily share your work. A dual-hinged, smooth-motion display stand allows for greater depth, height and tilt adjustment for maximum comfort.

Product number: AW662AA

HP Docking Station Cable Lock

The HP Docking Station Cable Lock is dramatically simpler to use than previous locks and delivers enhanced security. The HP Docking Station Cable Lock gives you two locking options: lock the docking station only (which also prevents access to the advanced docking stations drive bay) or lock both the docking station and the notebook.

Product number: AU656AA

HP 15.6 Privacy Filter

No more need to worry about prying eyes. This unique HP built-to-fit solution ensures confidential business data, personal information and financial records are visible only to the person sat directly in front of the notebook display.

Product number: AU103AA

3-year Next Business Day Onsite

Receive 3 years of next business day onsite repair from an HP-qualified technician for your computing device, if the issue cannot be solved remotely

Product number: U4386E
