HP Compaq nc6400 Business Notebook PC

Designed for a secure and 'always connected' mobile computing experience, the HP Compaq nc6400 Business Notebook PC sets a new standard for on-the-move productivity. This exceptional 2.0 kg machine is the absolute business professional and is equipped with all the mobile features you could possibly need.

Leading-edge technology and flexible features

The HP nc6400 features powerful new Intel® Core™ Duo processors enabling simultaneous use of multiple applications. For outstanding visual performance you get a 14.1" widescreen display with anti-glare technology and the choice between Intel or ATI graphics cards. Thanks to the ultra-slim MultiBay II drive you can choose to increase storage capacity with a secondary hard drive or configure without an optical drive for travelling light.

Security solutions for your peace of mind

HP ProtectTools is a portfolio of security features designed to address critical aspects of IT security and includes a TPM Embedded Security Chip and HP Biometric Fingerprint Sensor. Ideal for use in public areas and during business travel, the built-to-fit HP Privacy Filter ensures your business data remains visible only to you. In additional the new HP Disk Sanitizer, a unique HP offering, guarantees data confidentiality by completely wiping all sensitive information from your hard drives.

Intuitive and performance enhancing features

With built-in antennas supporting Wireless WAN connectivity (UMTS/HSDPA), the HP nc6400 is Broadband Wireless ready. This makes it the perfect choice for frequent travellers requiring wireless connectivity beyond their standard Wi-Fi reach [k1]. Equipped with a host of integrated features this outstanding platform is easy to use, deploy and manage. The HP nc6400 is also compatible with the entire portfolio of HP docking solutions and extended life batteries.

Reliable and proven to last

Built to meet tough business standards, the HP Mobile Data Protection System 3D, spill-resistant keyboard and HP Backup and Recovery Manager are just some of the outstanding reliability solutions this platform has to offer.
