HP 350 G2 Notebook PC

Reliable business notebook

Stay connected with affordably priced essential technologies that help keep you productive in or out of the office. Durable design helps protect your PC during mobile use and a full array of ports lets you easily connect to your devices.

HP recommends Windows.

- Windows 8.1[1]
- Screen Size: 39,6 cm (15.6") diagonal

Designed for professionals
- The 350 Notebook PC is built with reliability in mind – inside and out – to meet the needs of professionals on the move.

Essential security
- Help protect your PC and your data with optional TPM,[3] an optional HP Fingerprint Reader,[4] and a security lock slot.

Cut the cords
- Connect with colleagues with WLAN[5] and optional Bluetooth®[4] at the office or from your favorite hotspot.

Featuring
- Impact and bumps happen. HP 3D DriveGuard helps protect your data when you're on the go by sensing sudden movement and protecting the hard drive.[6]
- Stay focused while protecting your PC from minor accidental spills.
- Always come off looking your best even in low light with an optional HD Webcam.[4]
- Optional AMD Radeon™ discrete graphics[4] with up to 2GB of video memory on the HP 350 Notebook provide impressive visual experiences on the HD display. Anti-glare supports easy reading in almost any light.
- Get the connections you need with essential ports and an optional built-in DVD drive.[4]
- Print when you connect to a hotspot or the internet.[7]
- With a user-replaceable battery, you have convenience and easy maintenance.

# HP 350 G2 Notebook PC Specifications Table

Messaging Footnotes

[1] Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows functionality. See http://www.microsoft.com.

[2] Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing system required. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance.

[3] TPM is an optional feature only available with 5th generation Intel® Core i3/i5/i7 processors.

[4] Sold separately or as an optional feature.

[5] Wireless access point and Internet service required and sold separately. Availability of public wireless access points limited.

[6] Microsoft Windows Required.

[7] Requires an Internet connection to HP web-enabled printer and HP ePrint account registration (for a list of eligible printers, supported documents and image types and other HP ePrint details, seewww.hp.com/go/businessmobileprinting

Technical specifications disclaimers

[1] Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows functionality. See http://www.microsoft.com.

[2] This system is preinstalled with Windows 7 Professional software and also comes with a license and media for Windows 8.1 Pro software. You may only use one version of the Windows software at a time. Switching between versions will require you to uninstall one version and install the other version. You must back up all data (files, photos, etc.) before uninstalling and installing operating systems to avoid loss of your data.

[3] Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing system required. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance.

[4] Maximized dual-channel performance requires SODIMMs of the same size and speed in both memory slots.

[5] For hard drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 36 GB (for Windows 8.1) of system disk is reserved for the system recovery software.

[6] Double-layer discs can store more data than single layer discs. However, double-layer discs burned with this drive may not be compatible with many existing single-layer DVD drives and players. Note that DVD-RAM cannot read or write to 2.6 GB single-sided/5.2 GB double-sided – version 1.0 media. Don't copy copy-right protected materials.

[7] WiFi and WiFi combos are optional features. Wireless access point and Internet service required and sold separately. Availability of public wireless access points limited.

[8] Bluetooth™ requires Windows.

[9] HDMI cable sold separately.

[10] HD content required to view HD images.

[11] Discrete graphics memory uses part of the total system memory for video performance. System memory dedicated to video performance is not available for other use by other programs.

[12] HP ePrint Requires an internet connection to HP web-enabled printer and HP ePrint account registration (for a list of eligible printers, supported documents and image types and other HP ePrint details, see www.hp.com/go/businessmobileprinting

[13] HP 3D DriveGuard requires Windows.

[14] Fingerprint reader is an optional feature.

[15] External power supplies, power cords, cables and peripherals are not Low Halogen. Service parts obtained after purchase may not be Low Halogen

[16] PRC only
