NEW WORLD. NEW THINKING.™

Lenovo recommends Windows Vista™ Business.

THINKPAD T61 14.1" WIDESCREEN:

## THE WORLD'S BEST ENGINEERING IN ACTION.

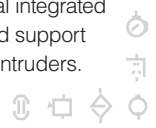

A few spreadsheet columns here, a video IM window there, and pretty soon we're talking serious productivity. That's what you get with the new 14" widescreen display—good for 25% more viewable area—on the ThinkPad® T61. Plus, a host of options like WWAN<sup>2</sup>, IEEE 1394a and 4-in-1 Media Card readers boost versatility. And ThinkVantage® Rescue and Recovery™ helps keep software crashes or virus attacks from slowing you down. Equally reassuring is worldwide, round-the-clock service and support and an industry-leading warranty<sup>3</sup>. The ThinkPad T61 is a product of Lenovo, a global company incorporating the former IBM PC division. From the world's best engineers come the world's best-engineered PCs.

An all-new roll cage for the top cover complements the ThinkVantage Active Protection System™ and a shock-mounted hard drive, making the ThinkPad T61 the most durable T Series ever.

Intel® Centrino™ Pro combines the latest Intel mobile processor technology with Intel WiFi and Active Management Technology for enhanced notebook management and security. Intel Turbo Memory shortens boot times and speeds application loading.

ThinkVantage Client Security Solution, 32-byte boot password, optional integrated fingerprint reader and Smartcard support protect data against would-be intruders.
