

SP-HF1201A

30-watt Two-way Hi-Fi Wood Speakers

Genius presents you with another one of their classic wood speaker sets; SP-HF1201A. It's based on the elegant black piano panel design style and is a 2-way design that delivers powerful sound with its 4" high-performance speaker unit and crystal treble sound.

Date available:
♦ Mar. 22, 2010

SP-HF1201A set has excellent resonance to perform full-spectrum soundstage and details from its ultra-rigid 9 mm MDF board cabinet. It uses an advanced class-D IC and built-in universal power transformer (100-240V) for higher efficiency. For personal sound preference, just adjust the Bass and Treble controls. There is a RCA audio input on the back so you can connect it to PC/TV/DVD player/Game consoles. SP-HF1201A also has a secondary line-in jack on the front panel for connecting to an iPod, MP3 player, or CD player without disconnecting the speakers from the PC. And it has a headphone jack for private listening.

Not only providing good sound, SP-HF1201 is a fine boutique in your home. Contact your local sales representative for more details.
