

## 3 Piece Flat Panel Design Subwoofer & Satellite Speaker System

Thunderous bass response! That is what you notice right off with this speaker system. It is a 3 piece (2.1) set utilizing an 6.5" woofer with a long throw voice-coil and tuned port to further enhance the response. Our new flat panel type satellites with 2.5" super radiators balance the performance for a full audio spectrum response.

### features:

- Convenient desktop controls:
  - On/off switch
  - Master volume
  - Bass volume
- Illuminated power on indicator on satellites
- Cloth grill cover
- Magnetically shielded satellite speakers
- Acoustic balanced wood cabinet subwoofer
- Bass reflex, ported enclosure on subwoofer
- Headphone output jack
- Video game adapter cable included

### specifications:

- System power output
