

Works with iPod®, iPhone®, iPad®, iTouch®  
and other Smartphones with 3.5mm jacks

## Diamond Mini-Rockers - Single Expandable Speaker

You no longer have to compromise performance in your portable audio experience. The Diamond Mini Rocker is a pocket sized power house with a patented retractable cable so you don't have to worry about carrying extra pieces or cords getting tangled during transport.

This portable mini speaker is only 2"x 1.5" making it the perfect size for quality sound on the go. The speaker twists open to expand for extra resonant bass. The MSP10s lithium battery is fully rechargeable through the included USB retractable-cable. One charge provides hours of playing time.

Perfect for MP3 players, smart phones, portable CD players, netbooks and laptops. The Diamond Mini Power speaker comes equipped with a standard 3.5mm headphone port for easy plug and play.

This stylish portable speaker is small in size but big on bass and volume. The patented retractable cable is perfect for listening to your music on the go!

iPod, iPhone, iPad and iTouch are registered trademarks of Apple Inc.
