GoSpeak! Pro

Ultra-Portable PA System

Be heard clearly in crowded meetings, employee assemblies, student lectures and intimate outdoor gatherings with the GoSpeak! Pro Ultra-Portable PA System. Weighing less than 5 pounds and carried easily in its laptop-sized tote-bag, the ultra-portable GoSpeak! Pro sets up in seconds, and is ready to supply all of the voice and music amplification required. Designed to fill rooms with as many as 200 people, GoSpeak! Pro delivers natural-sounding voice amplification that is loud and clear. GoSpeak! Pro is available with or without a wireless microphone system.

- **Fills rooms of up to 200 people**
- **Weighs less than 5 pounds**
- **Carries in a tote-bag**
- **Sets up in seconds**

GoSpeak! Pro

Ultra-Portable PA System

Meetings & Assemblies

Crowded meetings and employee assemblies can be challenging for speakers without voice amplification. The powerful GoSpeak! Pro PA System is designed to provide natural sounding voice and music amplification for meetings of as many as 200 people.

Classrooms & Lecture Halls

In classrooms and lecture halls, bulky PA systems are impractical. So bring your own voice amplification – the ultra-portable GoSpeak! Pro PA System. It weighs less than 5 pounds, carries in its laptop-sized tote-bag, and sets up in seconds.

No AV Experience Required

The GoSpeak! Pro with Wireless Microphone is a complete PA solution, requiring no AV experience. Simply plug in and turn on the GoSpeak! Speaker, switch on the wireless microphone and adjust the volume. You're ready to go. It's that simple.
