Paper or Plastic?
Fast and Easy Scanning

visioneer®

PATRIOT™ 480

Visioneer OneTouch scans directly to searchable PDF!

- Scans ID Cards from Front feed tray

- Scan documents at 38 pages ppm and 76 ipm* in duplex

- Visioneer OneTouch scanning to sPDF, Microsoft SharePoint

- Kofax VRS delivers perfect scans from imperfect originals

- AutoCrop and AutoStraighten

- Ultrasonic Double Feed Detection

- Searchable PDF files make scanned documents searchable by content

- Hi-Speed USB 2.0

* Up to 50 ipm at 200 dpi, black & white

** 20# paper

Contract GS-35F-0341R
TAA Compliant

Scans Directly to Searchable PDF with Visioneer OneTouch® Technology!

There's a lot about the Patriot 480 that will make it your favorite desktop device. This latest Patriot is packed with features that will change how you look at and manage paper documents and information. The Patriot 480 is the fastest, most technologically advanced and easiest to use document scanner in its class.

Healthcare and Financial Markets

The federal health information privacy law, requires healthcare admission offices to keep patient information confidential. This includes patient ID and insurance information, which can now be easily scanned and securely filed in a single step with little or no training all. The Patriot Act requires ID card capture for all new accounts at financial institutions. Again the Patriot 480 provides the right features and performance for both vertical markets.

Work Easier

The Patriot 480 is powered by Visioneer OneTouch technology to scan documents to up to nine preset, yet completely configurable destinations. This means that with the touch of a button, your document is scanned with the proper settings for resolution, color, duplex, auto-crop, auto-straighten, file format, and then delivered to virtually any application, folder or device. Imagine the workflow possibilities of delivering paper in a searchable PDF format to email or Microsoft SharePoint®or a custom web application for your enterprise, all at the touch of a button. This is not only a productivity gain but greatly reduces the training requirements for scanner users, further helping your ROI.

Work Flexible

Sometimes in document scanning you don't know what's coming at you. Clean laser quality pages today, but tomorrow there may be multicolored forms, embossed ID cards, varying sizes of paper, 3-hole punches. The Patriot 480 handles it all. The 50-page automatic document feeder (ADF) makes short work out of any stack of paper of varying size. The front feed tray accommodates scanning plastic ID cards, common in healthcare and financial service applications. The Patriot 480 employs a front feed mechanism that not only increases ID card scanning efficiency, but drastically improves roller wear and makes it an extremely cost-effective solution for regulatory compliance.
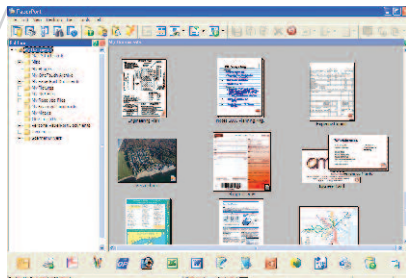

PATRIOT™ 480

Work Smarter

Ultrasonic Double Feed Detection is built into the Patriot 480 so that you'll never miss a page due to a stapled document going through your scanner or a misfeed.

Kofax® VRS™ (Virtual ReScan) is integrated into your scanner so that you get perfect scans from imperfect originals. VRS also eliminates the need to rescan documents through automatic cropping, straightening, brightness control and edge cleanup. And because all this is integrated into Visioneer OneTouch, this and your entire scanning operation is accomplished at the touch of a button. In the end, paper becomes information and flows through the enterprise under your control.

Kofax VRS technology

The Patriot 480 integrates Kofax VRS image enhancement technology into the OneTouch scanning process. Imperfect originals are automatically turned into perfect scans that are easier to read for the human eye and the computer's eye. OCR results are dramatically improved, file size is decreased and scans look as clear as the originals. And every page is custom corrected automatically so you can batch together clean, laser quality documents with your imperfect originals. The results are amazing!

Nuance PaperPort
The easiest way to organize, find, and share all your paper, PDF, and digital documents.

Patriot 480 Product Specifications	Model # P4801D –WU
Scan Speed	
Black & White, 200 dpi	Up to 38 ppm simplex / 76 ipm duplex
Color, 150 dpi	Up to 37 ppm simplex / 71 ipm duplex
Embossed ID Card, Black & White, 200 dpi	2.7 seconds, duplex
Embossed ID Card, Color, 200 dpi	8.5 seconds, duplex
Optical Resolution	600 dpi
Output Bit Depth	24-bit color, 8-bit grayscale, 1-bit black & white
Scan Method	Fast Duplex Sheetfed
Interface	Hi-Speed USB 2.0 (USB 1.1 compatible)
Dimensions	13"(w) x 7"(d) x 8"(h)
Weight	9.5 lbs.
ADF Maximum Document Size	8.5" x 38"
ADF Minimum Document Size	3.5" x 2"
ADF Capacity	50 sheets (20 lb. paper)
Duty Cycle	3000 pages/day

Minimum System Requirements

- Pentium® IV or equivalent processor
- Windows Vista, XP SP2 and 2000 SP4
- 512MB RAM (1GB for Vista)
- 350MB available hard disk space
- DVD-ROM drive
- Available USB port
