

TSB750US | Targus 16" Compact Rolling Backpack (Black)

The Targus 16" Compact Rolling Backpack in sleek black goes anywhere you go. Use it as a carry on or a bag for getting around campus – this backpack is functional in every way. Fully equipped with quiet roller wheels and a retractable handle, you'll be rolling your materials easily and comfortably. Integrated into the main compartment is a soft-lined interior pocket specifically for your media tablet, protecting it from bumps and scratches. The roller backpack has a large compartment for storing books, documents and folders. In a separate section, there is a full workstation where you can store all your accessories, key fobs and pens. For additional storage, there are 2 side mesh pockets – one is zippered for secure storage. Not only is there separate space for your books and tablets, but there are two elastic straps that can hold a change of clothes. Pick up and go when rolling becomes inconvenient – the roller features two shoulder straps for carrying ease that can be tucked away when not in use. The fold away covers acts as wheel covers when used as a backpack. Lightweight and sleek, the Compact Rolling Backpack is 20% lighter than equivalent bags on the market.

Designed to fit laptops up to 16" and Macbook Pros up to 17"
