U.S. Army™ Throat Mic Headset For Xbox 360®

The U.S. Army™ Throat Mic Headset designed by CTA Digital for Xbox 360® lets you communicate with precision and ease. What makes this headset unique is its throat microphone, which is sensitive enough to pick up a whisper yet clear enough for everyone to hear you in the game environment. The U.S. Army™ Headset also features an inline remote, which has volume control as well as a mute switch, so you can talk without other gamers hearing you. This is perfect for covert tactical operations in first person shooting games such as Call of Duty®: Modern Warfare® 3, or Battlefield 3™. The in-ear speaker allows you to hear other players clearly and distinctly, while you can also hear gameplay coming from the TV. To use the headset simply plug it into the Xbox 360® controller and you're good to go! The comfort and accuracy of the U.S. Army™ Throat Mic Headset makes it a must have for all tactical war game vets and first person shooter enthusiasts. Equip yourself with pride using the U.S. Army™ Throat Mic Headset.

Features include:

- Powered by the Xbox 360® controller
- Covert design
- Inline remote with volume control and a mute switch

Specifications:

- Frequency Response: 20-20,000 Hz
- The throat microphone provides clear voice transmission without ambient noise
- Compatible with Xbox 360® games and chat on Xbox LIVE®
