High end innovations made affordable

- Create breathtaking images with Nokia digital camera lenses; add motion to your pictures with Cinemagraph, create a perfect group shot with Smart Shoot or capture super-wide-angled pictures to take in more of the scene.
- The super sensitive 4" touch screen allows you to use the phone even with long finger nails or gloves on.

Get more for less with experiences available only on Lumia

- With free* global HERE Maps you get information, photos and reviews on top nearby places including walking guidance to your chosen destination.
- Drive to your destinations easily with free* turn-by-turn navigation offered by regional HERE Drive, even when offline.
- HERE Transit provides instant access to the best way across town using public transport, offering a detailed overview of stations and stops, departure and arrival times, and estimations on your walking times.
- With Nokia Music you can stream unlimited music for free*. Tap into the latest tracks or create your own channels based on the artists you love.

A more personal smartphone experience with Windows Phone 8.

- With Windows Phone 8, you can pin playlists, HERE routes, web pages and documents direct to the start screen as Live Tiles and access your favorite content quickly. Select from various apps to be placed as Live Tiles and resize to reflect your personal priorities.
- Microsoft Office is built into your phone, and easily synced with your laptop.
