

# Samsung GALAXY HM3300

 **Bluetooth® Headset**

## SPECIFICATION SHEET

### hands-free with a touch of Galaxy style

The perfect new companion to the Galaxy S III, the HM3300 packs exceptional call quality into a lightweight, attractive form factor. With calling features like HD voice for extremely crisp vocal quality and voice prompts to keep you informed, your calling experience is sure to be stellar. Along with outstanding calling performance, the HM3300 was designed with Galaxy handsets in mind, with a glossy simulated brushed metal finish and

smooth rounded contours. Add to that noise and echo cancellation

and the HM3300 packs a punch rivaling high-end headsets – consistently delivering exceptional audio clarity to both caller and recipient.

To make it even more worthy of the Galaxy name, the HM3300 is A2DP compatible – allowing users to stream music through the headset earpiece. Plus built-in NFC technology makes pairing a breeze. Just tap your active headset to your NFC enabled phone and you're connected. It couldn't be simpler. This exceptional mix of Samsung Galaxy quality and style make the HM3300 sure to draw in any discerning customer.
