

Designed to fit your home. And your life.®

Model LS6405

Accessory Handset

with Caller ID and Handset Speakerphone

Push-to-Talk intercom

Use as a multiple handset walkie talkie system to instantly communicate with any or all of the handsets within the system. No need to shout throughout the house anymore.

HD Audio

The frequency band has been extended allowing for the signal to be reproduced and tuned for a fuller and clearer sound.

Handset speakerphone

With the touch of a button, the handset speakerphone makes hands-free conversations easy.

Features

- DECT 6.0 Digital technology provides the best sound quality, security and range in cordless phones
- Interference free for crystal clear conversations—won't interfere with wireless networks and other electronic devices
- Protect yourself from identity theft with digital security—your call is digitized and encrypted, making it nearly impossible for someone to eavesdrop
- Equalizer—choose from 4 different profiles to best match your hearing
- Accessory handset only—requires the LS6425, LS6426, LS6475 or LS6476 to operate; no phone jack required
- Caller ID/call waiting—stores 50 calls
- Handset speakerphone—enjoy hands-free conversations
- 50 name and number phonebook directory—easily store and dial frequently called numbers
- Blue backlit keypad and display
- Handset volume control
- Last number redial
- Trilingual prompts—choose between English, Spanish or French
- Page/handset locator
- Selectable ring tones
- Stylish metallic finish
- Slim handset size
