

Dual Charge Station

with 2 Rechargeable Batteries for Wii Remote™

Wi-DDCB

(1) USB - DC cable
(1) USB - Wall outlet plug
For USB or Electrical power

Charges Remotes with
Wii MotionPlus connected

Can charge with...
just the
Wii Remotes
connected

both the
Wii MotionPlus
adapters connected

one Wii
MotionPlus
adapter connected

Recharge two Wii Remotes simultaneously with the Dual Charger Station from CTA Digital. This charge station contains a two-space cradle that allows you to charge and rest two remotes, with or without Wii MotionPlus adapters connected, in an upright position. Also included are two sets of rechargeable 1800 mAh batteries, which are enclosed in a mold that you can attach to the back of your Wii Remote™. The Dual Charger Station is powered by a USB cable that attaches from the AC adaptor connection (located on the back of the device) to a USB port on the Wii Console or on a computer.

Features:

- Charges one or two Wii Remotes
- LED charge indicator light
- Wii MotionPlus compatible

Pack includes:

- Two 1800 mAh Rechargeable Batteries
- One base Station to recharge one or two Wii Remotes
- 30 inch USB-DC cable included
- USB-DC wall outlet plug

Specification:

- Capacity: 1800 mAh
- Game play after charge: approximately 13-20 hours
- Charging time: 7 hours

Wii Remotes and Wii Motion Plus not included
