Logitech Harmony® Touch

One touch to your favorite entertainment.

Announcement Date: Oct. 3, 2012

Shipping: October 2012

Price: \$249.99

Available at: www.logitech.com

Product Description

The Logitech Harmony® Touch is an advanced universal remote control for your home-entertainment system. Its intuitive color touch-screen lets you swipe and tap your way to favorite activities, such as watching TV or playing games. Plus you can customize your device and organize up to 50 favorite channel icons right on the remote. It's compatible with more than 225,000 devices and can control up to 15 different devices. The Harmony Touch has a sleek, ergonomic design that looks as good as it feels. The included charging station keeps your remote powered and within reach. The Logitech Harmony Touch redefines control over your home entertainment.

Key Features

- **Color touch-screen:** Logitech Harmony Touch makes it easy for you to access all of your home entertainment options. Watch TV, listen to music and play games, all with one tap of the 2.4-inch color touch-screen.
- **Channel icons:** No more memorizing numbers or scrolling through lengthy on-screen guides. With 50 easy-to-customize channel icons, you and your family can access all your favorite channels with a simple tap, thanks to the Logitech Harmony Touch.
- **On-remote customization:** You can organize and re-order favorite channel icons, buttons, activities and settings just the way you like them, right on the remote.
- **Sleek, minimalist design:** The sculpted, ergonomic shape and streamlined button layout present a sleek, minimalist design that enhances the look of your living room. It's as easy on the eyes as it is to use.
- **Rechargeable:** The charging station is the home for your remote – it keeps it recharged and always in reach.
