## ▶ FEATURES

- Sound activated video to SD card recording
- Compact, rechargeable video monitor
- View remotely via Skype™
- Talk with Baby intercom
- Temperature monitoring with alarm
- Sooth Baby with built-in lullabies
- See Baby at all times with automatic night vision
- Secure, interference free, long range digital signal
- High contrast 3.5" color LCD monitor
- Grows with your family (expandable up to 4 cameras)

## ▶ REMOTE VIEWING

See what's happening while you are away. View video from the handheld monitor from anywhere in the world using Skype.

## ▶ FEEDING TIMER

Keep track of feedings with a built-in timer.

## ▶ REMOTE LULLABIES

Featuring built-in lullabies, the LIVE SD3.5 can help soothe your baby. Select a lullaby and watch your baby fall asleep.

## ▶ TEMPERATURE MONITORING

The LIVE SD3.5 includes an electronic temperature sensor so you can monitor the climate in the baby's room. A built-in alarm will even warn you if the temperature changes outside of your selected range.

## ▶ CAPTURE, STORE AND SHARE

Instantly capture those special events in your child's life with one-touch video recording or set it to record upon hearing your baby. Playback videos on the handheld monitor, or transfer them easily to a PC or Mac<sup>4</sup> and share them on sites such as Facebook™ and Youtube™.

▶ TALK WITH BABY

Two-way audio between the camera and monitor means you can talk to baby, even if you are not in the same room.

▶ GROWS WITH YOUR FAMILY

Add up to 3 additional cameras. As your family grows, the LIVE Capture can expand right along with you. Have a camera in the baby's room, play room, living room, or even pointing at the front door.

▶ AUDIO MONITOR

Conserve battery life and sleep peacefully by using it as an audio monitor. With the LCD monitor turned off, you can continue to hear your baby while eliminating distractions for a peaceful sleep.

▶ VIEW DAY OR NIGHT

Keep an eye on baby all night long with crystal clear automatic night vision. Check on little ones without the risk of waking them up.

▶ MULTIPLE VIEWING OPTIONS

Viewing modes include Single Channel, Scan (switch between single channels automatically), and Quad Split-Screen.

▶ PRIVATE AND SECURE

Digital signal with FHSS technology ensures a private and secure transmission between the camera and handheld monitor.

▶ MONITOR DOCKING CRADLE

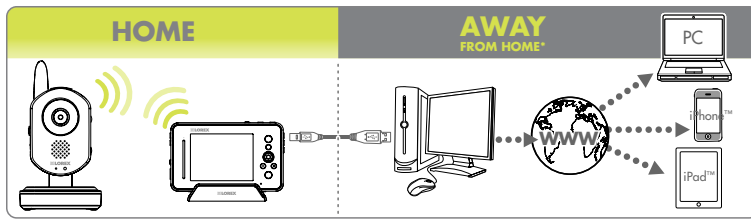

No more plugging and unplugging of power cables so you can quickly get going. Simply slide the monitor into the docking cradle and remove it when it's fully charged.

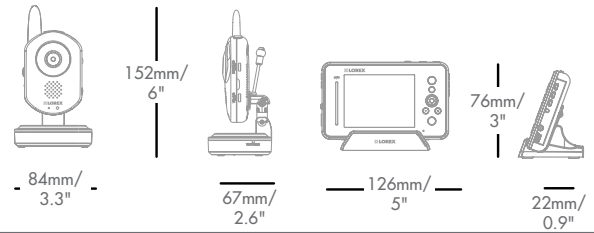

▶ AUDIO INDICATOR LIGHTS

Audio indicator lights on the monitor indicate the level of noise being picked up by the camera. This extra pair of ears helps you be aware of what your baby is up to when you are in a noisy room.
